

Negro Crime Wave Sweeps America As Integration Grows

SPECIAL—Five years ago, when the **AMERICAN NATIONALIST** first began publishing comparative Negro and white crime statistics to show that the incidence of crime was four, six and even ten times higher among Negroes than among whites (on a per capita basis), such information was an extreme rarity in the American press. The **AMERICAN NATIONALIST** was probably the first publication in the country to cite the FBI's authoritative "Uniform Crime Reports" (see AN, June 25, 1953) as a basis for proving that crime is not only more prevalent among Negroes than whites, but that it is considerably higher among northern Negroes than those in the South. The latter point was particularly significant because it exploded the propaganda myth (so popular with campus sociologists and parlor experts on race relations) that the high Negro crime ratio is attributable mainly to segregation, low income and other environmental factors more common (supposedly) to the South than the North. These disclosures provided convincing evidence that higher incomes, better living conditions and increased racial "equality" in the North produced an increase, rather than a decrease, in Negro crime.

After 1954 the Negro crime problem began receiving somewhat more publicity than in previous years—due in large part to the school integration controversy which erupted in that year. Southern Congressmen—particularly Rep. John Bell Williams of Mississippi—have aired Negro crime statistics from the floor of the U.S.

Congress with telling effect. A number of national periodicals, including the excellent **U.S. NEWS & WORLD REPORT**, have given enlarged coverage on the subject. Some northern newspapers, such as the **NEW YORK TIMES** and the **WALL STREET JOURNAL**, have grudgingly lifted the veil of self-imposed censorship to reveal at least a partial glimpse of the appalling growth of Negro crime in New York's integrated schools. Every year since 1954 the wall of silence and censorship has been opened a tiny bit wider.

Now it turns out that even **TIME** magazine has joined the parade with an article on Negro crime statistics. For Negro-catering, South-hating **TIME** this was a concession indeed, for no organization in all of America has labored more assiduously to becloud and confuse the race issue than the Luce-owned **LIFE-TIME** com-

bination. Nevertheless, in a recent issue it was there as big as life: a full page article entitled, "The Negro Crime Rate: a Failure In Integration."

"They are afraid to say so in public," began the **TIME** article, "but many of the North's big-city mayors groan in private that their biggest and most worrisome problem is the crime rate among Negroes. In 1,551 U.S. cities, according to the FBI tally for 1956, Negroes, making up 10% of the U.S. population, accounted for about 30% of all arrests and 60% of all arrests for crimes involving violence or threat of bodily harm—murder, non-negligent manslaughter, rape, robbery and aggravated assault. In one city after another the figures—where they are not hidden or suppressed by politicians—reveal a shocking pattern."

TIME then proceeded to cite the following Negro crime statistics by individual cities:

In New York (14% Negro): "Of the prisoners confined in houses of detention last year to await court disposition of their cases, 44% of the males and 65% of the females were Negroes . . ."

In Chicago (15% Negro) . . . "twice as many Negroes as whites—1,366 to 679—were arrested on charges of murder, non-negligent homicide, rape and robbery" . . .

In Detroit (25% Negro) . . . "two out of three prisoners held in the Wayne County jail are Negroes" . . .

In Los Angeles (13% Negro) . . . "Negroes accounted for . . . 48% of the arrests for homicide, rape, aggravated assault, robbery, burglary, larceny and auto theft" . . .

In San Francisco (7% Negro) . . . "the victims of 896 of last year's 1564 recorded robbery cases reported their assailants were Negroes" . . .

Having tremulously given out these damning statistics, **TIME**'s editors hastily turned their attention to solving of the Negro crime problem. Poverty and recent migration to the big cities, they confided, was not necessarily the most important factor, since foreign-born whites, equally impoverished and unsettled, often have a lower crime rate than their more prosperous native-born neighbors. Neither, apparently, does better housing ameliorate the Negro crime situation: "Crime rates," sighed **TIME**, "run high in the Negro slums of Harlem and South Side Chicago, but they also run high in the Negro districts of Los Angeles and San Francisco, where the houses are comparatively decent" . . .

What, then, is the solution? **TIME**'s editors triumphantly bleated out their answer: more racial integration. Negro crime, intoned **TIME**, "... will remain a severe problem until Northern whites, private citizens as well as civil officials, recognize that Negro crime is basically a symptom of a failure in integration, and start attacking discrimination in the North with the same fervor they show in arguing for civil rights in the South" . . .

All in all it was a pretty convincing demonstration of the old adage: "None are so blind as those who refuse to see."

New Jenner Bill Would Curb Supreme Court

WASHINGTON, D.C.—The commercial press has in general played the story down, but a highly significant and potentially far reaching move is under way in Congress to curb the Warren-Frankfurter-dominated Supreme Court. Instigator of the strategy, strangely enough, is not a Southern but a northern Republican—Wm. Jenner of Indiana. Senator Jenner is sponsoring a measure which, if adopted, would restrict the Supreme Court's actions in a number of important areas. Specifically, he would strip the Court of its self-assumed prerogative of interfering with Congressional investigations through abuse of its review authority. Other provisions of the bill would deny the Court review jurisdiction over the U.S. security program for Federal employees, and over state laws dealing with subversion.

WM. JENNER

The bill may or may not pass, but the very fact it has been proposed points up a highly significant if often overlooked fact: in a showdown Congress can strip the Supreme Court of virtually all the dictatorial powers it has usurped over the past five years. And in view of the Court's disgraceful partiality toward the NAACP, the Communist Party and various other subversive groups and activities, it is perhaps time Congress began exercising its Constitutional power to bring Messrs. Warren, Frankfurter, Douglas et al into line...

As a star-struck Senator Jenner's bill to curtail the Supreme Court's review authority is certainly a step in the right direction...

N.Y. SCHOOLS

(Continued From Page 1)

Southern racial "prejudice" is too trivial to report if it serves as good pro-integration propaganda.

But although the Associated Press (AP), International News Service (INS) and United Press (UP) all have their headquarters in New York City, NBC, CBS and ABC they have displayed a singular reticence in publishing or reporting news about the race picture in their own backyard.

Thus, while a name-calling incident between Negro and white students in Little Rock makes the national news, the rape of a little white girl by a Negro "classmate" in one of New York's integrated schools is hardly mentioned. Race conflict, you are led to believe, is always a Southern monopoly. Even when conditions got so bad in NYC's integrated school system

Emboldened by past successes the Hollywood motion picture industry, which with an occasional exception is a Jewish monopoly, will produce a record breaking quota of propaganda films this year. Here is a rundown on some of the more blatant and offensive ones scheduled for release during 1958:

THE YOUNG LIONS (20th Century Fox), based upon a story by the Jewish playwright, Irwin Shaw, stars Marlon Brando, Montgomery Clift and Dean Martin. As you might anticipate, both the producer (Al Lichtman) and the director (Edward Dmytryk) are Jews. The picture is all about "Naz" concentration camps in Germany and anti-Semitic discrimination against heroic Jewish soldiers in the U.S. Army. In other words, the Jews are being "persecuted" not only by the wicked "Nazis,"

Symbolic of the degenerate state of affairs in our alien controlled motion picture and "entertainment" industry are these "starring" white chorus girls twining upon spoiled, pelvisant Negro actor, Sammy Davis, who incidentally was married shortly after the picture was taken. Sammy's marriage was well covered by the Negro press. "New marriages since Edward VIII forsake the British throne for Wally Simpson have so intrigued the public," raved one Negro magazine (EBONY). For five-foot-six, 122 pound Sammy has been linked—sometimes rightly, often wrongly—with a procession of glamorous women, including actress Ava Gardner, ingenue Meg Miles, model Cordie King, enchantress Eartha Kitt, and last but not least, movie star Kim Novak. ... By the way, one of Sammy's white girl friends mentioned by EBONY (Ava Gardner) is the wife of Frank Sinatra, who is currently co-producing and acting in the interracial film, "KINGS GO FORTH."

but also by the Americans. Basically, though, this is another hate film against the German people, with the Jews suffering tear-wringing "persecutions" from every quarter. Incidentally, the Yiddish author of this opus, Irwin Shaw, has a long and odious record of Communist-front affiliations—6 citations, to be exact. And the film's director, Edward Dmytryk, is one of the infamous "Hollywood Ten" sentenced to prison in 1950 for Communist activity...

I ACCUSE (MGM) is another mournful propaganda recital of Jewish suffering and persecution. This time the picture is based upon the Dreyfus case—a story Jewish propagandists never tire of telling. As a matter of fact, this is the SIXTH time a film (under various titles) has been produced on the subject. Playing the role of the brave, persecuted Jewish Captain Dreyfus is actor Jose Ferrer, who also directs the picture (Ferrer is Jewish, of course). Typically, I ACCUSE is full of subtle preachments against "anti-Semitism," and as you might also guess, manages to inject the usual anti-German propaganda into the story (the Germans, it seems, "corrupted" the French general staff, which led to the framing of honest, patriotic Captain Dreyfus, etc., etc., ad nauseum).

THE DIARY OF ANNE FRANK, now in production, is "by far" the most badly hooded of all the propaganda pictures scheduled for this year. Based on the stage play by the same name, DIARY OF ANNE FRANK is a tearful tale of fiction about a Jewish girl in Holland who is brutally carried off at the end of the picture to die a martyr's death in a "Nazi

(Continued Page 4, Column 4)

that armed, uniformed policemen had to be permanently stationed on the schoolyards to protect white pupils from a "terror" wave of rapes, robberies, knifings and other Negro violence, it was either explained away with gentle understanding—or else ignored completely.

In recent weeks, however, this hypocritical distortion and censorship has been breaking down, at least in places, under the pressure of outraged public opinion. One New York publication which dared to briefly breach the wall of censorship to reveal conditions in New York schools for what they are was the WALL STREET JOURNAL, which in its Feb. 11th issue carried a story entitled: "Crisis In New York."

"The issues involved," said the JOURNAL, "go beyond those of crime and hoodlumism. For one thing, the highly sensitive race

NAACP Holds Annual Meeting In New York

NEW YORK—At its 49th annual meeting, held earlier this year in New York City, the National Association for the Advancement of Colored People (NAACP) hailed two developments as its "top achievements in civil rights" during 1957. One was the dispatch of Federal troops to Little Rock, Arkansas to enforce racial integration. The other was the enactment of the so-called Civil Rights Act of 1957.

The 49th annual meeting, presided over by NAACP president, Arthur B. Spingarn (who incidentally is Jewish, not Negro) also heard a report by executive secretary, Roy Wilkins, to the effect that the organization's income during 1957 had reached an all time high of \$967,833.83 despite a decline in membership.

In his report Wilkins paid special "tribute" to: 1) the nine Negro pupils enrolled in Little Rock's Central High school; 2) to NAACP agitator and board member, Daisy Bates, who enrolled them there; 3) to Jackie Robinson, chairman of the NAACP "Freedom Fund Drive"; 4) to Vivian Kaplan, Jewish head of the NAACP "Life Membership Drive" which raised \$181,891.00 for the association in 1957.

Shown congratulating the negroes, Daisy Bates, whose enrollment of nine Negro pupils in the all-white Central High School precipitated the military occupation of Little Rock last year, is Herbert Lehman of New York, Lehman, a former U.S. Senator and one of the "most powerful" Jews in America, is a member of the NAACP board of directors, as is Daisy Bates. It is significant to note that the longtime president of the NAACP, Arthur B. Spingarn, is also Jewish.

tive, blond Judy Polgar, 22, who trained for her job at Yale University where she received an M.A. During her first week on the job she was told the ground rules: Never walk down the back stairs alone, don't stay in school after 4 p.m., carry a ruler for protection, if possible don't go to the ladies room unaccompanied. On her third day of duty she watched in amazement as several of the junior high school girls in her class assaulted "a policeman outside the school." There were 34 in my class, eight of whom were impossible to control. They screamed, threw things, one girl hit me, one boy stole my wallet. Only 30% to 40% of them lived with both mother and father. The rest either lived with a relative or with one parent. After two months at her 9% Negro school, Miss Polgar resigned.

That is the picture of New York City schools as revealed by the WALL STREET JOURNAL.

Israel Denounced As Parasite Nation

Mistreatment Of Arabs Is Also Condemned

SPECIAL—From the hour of its founding the Jewish state of Israel has been in fact and in practice a parasitic institution feeding upon the wealth of other nations and peoples. It began its existence in 1948 by brutally dispossessing the native Arabs of Palestine, numbering approximately 880,000 souls, to make room for the immigrant Jews who now constitute the Israeli population. Having seized the land, farms, stores, homes, cities and other possessions of the Palestinian Arabs, and having driven them into the desert (where most of them still remain destitute in miserable refugee camps), Israel's Jews began their most touted development of Palestine into a Jewish homeland.

PARASITE NATION
 To finance the country's development, and to defray the cost of colonizing hundreds of thousands of European, African and Asiatic Jews upon Palestinian (now Israeli) soil, Israel's Jews obviously needed Gentile money and lots of it. Out of that need began Israel's role as a parasite among nations.

It is impossible to calculate the total amount of foreign money piped into Israel since 1948, but it has unquestionably been a fantastic sum for a country of its size and population. In the main this money has come from two sources: the United States and West Germany. Between them these two countries have been bled of literally billions of dollars to sustain the deficit (which is to say, the parasitic) Israeli economy.

While no complete figures are available as to the total Jewish take in the U.S. to date, it is known that the principal sources of revenue have been the United Jewish Appeal (UJA), the Israel Bond Drive and, of course, the United States government and its agencies. From these three alone Jewish has raised many hundreds of millions of dollars over the last ten years, with United Jewish Appeal single handedly accounting for an estimated \$1,100,000,000 of the total. It is also known that the U.S. government has granted in excess of \$400,000,000 in loans, grants and credits to Israel since 1948, while more than \$200,000,000 has been derived from the sale of Israeli bonds in the U.S.

In addition, large sums of Jewish capital investments have been poured into Israel from the U.S. Numerous other Jewish fund-raising schemes have also swelled the total U.S. contribution to the support of Israel—most of it tax free.

GERMANY
 But the flow of tax free American dollars to Israel, large as it is, is matched, if indeed it is not exceeded, by the money being ex-

ported from West Germany. Beginning in 1951 the state of Israel, in conjunction with the World Jewish Congress and other international Jewish organizations, began what has turned out to be the greatest blackmail operation in all recorded history. In that

There are Arab refugees from Jewish terror. They were among the 880,000 Arab men, women and children driven from their ancestral homes and farms by the newly created state of Israel to make room for the hordes of immigrant Jews who took over Palestine (now Israel) in 1948. The irony of the situation is that these Arabs, and

their ancestors for hundreds of years before them, were native-born residents with only a tiny fraction of the Jews who drove them out were actually born in Israel.

This is probably the first time in history in which the entire population of a civilized country has been displaced and dis-

possessed to make room for the alien new-

comers. And for many of the Arab refugees the bitterness is all the more intense because they can look across the border into Israel and see their former homes and farms occupied by Jews. ... The refugees shown above, luckier than most, are housed and fed by the United Nations—mostly with funds supplied by American taxpayers.

year West Germany agreed to pay the state of Israel the sum of \$715,000,000.00 in "reparations" for damages allegedly suffered by Germany's Jews prior to World War II. Since then, Israel and world Jewry have succeeded in exacting, under one pretense or another, further agreements which are expected to ultimately yield Israel several billions of dollars more in tribute.

"REPARATIONS"
 So incredibly large have these "reparation" payments become that today they represent a threat to the stability of the German deutchmark, heretofore regarded as one of the hardest and most stable currencies on the Continent. This latter point was brought to the world's attention recently when Germany's Justice Minister, Fritz Schaefter, demanded that Germany's annual blackmail to Israel should be held down to a maximum of \$250,000,000.00. Pointing out that at their present rate they exceed \$250,000,000.00 a year the entire German economy would be threatened...

None of these facts have, of course, been reported by the depraved, pressure-ridden American press, but they explain the real secret behind Israel's continued existence.

CONCLUSION: In evaluating Israel's position in the Middle East two salient factors stand out above all others:
 1) Only a tiny fraction of Israel's present Jewish population is native born; the rest are immigrant intruders who were never born there and who do not belong there....
 2) Without its two principal sources of outside income (i.e. Germany and the U.S.), Israel's Jews would have long ago relin-

quished Palestine to the Arabs and returned from whence they came—which is to say, from Europe, Africa, Asia and other points outside the Holy Land.

These "conclusions" strongly suggest that the surest way to insure peace and justice in the Middle East would be to cut off Israel's access to its German and American revenues, thereby leaving Israel's Jews to their own resources. As a step in that direction the U.S. Congress should, and ought to, take immediate measures to cut off the flow of American tax dollars to Israel, and to deprive Jewish fund-raising groups of

their tax exempt status. The sale of Israeli bonds in this country should also be prohibited.

As for the blackmail being extorted from West Germany in the guise of "reparations": the single justification for these payments is that they constitute restitution to the Jews for having been driven out of Germany in 1932-33. But since coming to Palestine (now Israel) the Jews have brutally confiscated the property of the native Arab population of what is now Israel and deported them under circumstances which make Hitler's handling of Germany's Jews a pink tea party by comparison. Yet not a penny of reparations or compensation has been made to these dispossessed victims of Jewish fanaticism...

Thus, while organized Jewry continues to collect billions for its alleged persecution at the hands of the Germans, it pays out nothing except venomous hatred and abuse to the victims of its own brutality.

The obvious answer to the situation is the immediate curtailment of the multi-billion blackmail payments now being drained out of West Germany. It is high time Israel's role as a troubling parasite among nations was ended.

With full page ads like the above, United Jewish Appeal (UJA) last month launched its \$100 million dollar "UJA Rescue Fund." As the ad indicates, this sum is "over and above" the regular UJA budget, which usually runs above \$100 millions annually—meaning that this year's total take will probably exceed \$200,000,000.00. The bulk of this money goes to support the state of Israel, and to pay for colonizing Jews from other countries there. Since 1948 UJA claims to have helped settle nearly a million Jews in Israel—at roughly \$1000 a head. That figures out to nearly a billion U.S. tax-free dollars....

ANTI-ZIONIST CRUSADER

Our readers are reminded that the great Admiral John G. Crommelin is conducting a valiant campaign for the governorship of Alabama on a forthright anti-Zionist and pro-American platform against very heavy opposition. Patriots wishing to support his campaign with letters of encouragement, or with contributions, are urged to write: Admiral John G. Crommelin, P. O. Box 441, Wetumpka, Alabama.

AMERICAN NATIONALIST

SNEAK F.E.P.C.

(Continued From Page 1)

1953 the AMERICAN NATIONALIST has hammered at the very obvious fact that the entire operation was the brainchild of the trouble-making Anti-Defamation League of B'nai B'rith (ADL) and other professional Jewish race-mixing organizations. Furthermore, there is little doubt that the decision to set up a west coast branch office of the Committee was also inspired by the Anti-Defamation League. This was confirmed by a Los Angeles dispatch which appeared last month in the NATIONAL JEWISH POST & OPINION, which began as follows:

"The nation's second regional office on government contracts will be established here as a result of a series of complaints on job discrimination made by the Southwest regional office of the Anti-Defamation League. The ADL's complaints, 202 in number, substantiated charges that many employers in the area were placing discriminatory job orders for workers on government contracts."

In short, the Jewish controlled "Committee on Government Contracts" is setting up shop in Los Angeles to accommodate the Anti-Defamation League of B'nai B'rith, which is brazenly using it as a cat's-paw to enforce its own vicious program of subversion and compulsory mongrelization upon American industry and labor.

SOUTHERN EDITOR

(Continued from Page 1)

Montgomery editor began.

"If you want to talk about blood spilled, skulls cracked, deceit practiced, evasion and defiance of the law on a grand scale—your date-line will be not Little Rock or Montgomery, but Chicago, Detroit, Philadelphia, New York," he said.

"A basic reason why the national debate on the race issue is so irrational," continued editor Hall, "is the failure of the American press to report strife as eagerly and fully in the North as in the South. The otherwise virile Chicago press is joined with radio and TV in a formal code for muffling or suppressing spot coverage of race incidents . . . Your Illinois politicians interview about Jim Crow in Montgomery, Ala., but grapple not with the fact that there is more residential segregation in Chicago than in Montgomery."

SIDE LIGHT:—For the benefit of those who might wonder why a Northern press association would condescend to hear a Southern newspaper man's views on the race question, it should be noted that editor Hall has been a well deserved reputation in the South as a turncoat on the integration controversy. The pressure of public opinion and the prospect of an advertising boycott have, however, induced him to sing a somewhat different tune of late—to the chagrin of his northern hosts, who had obviously invited him to speak in anticipation of hearing a pro-integration speech delivered with a Southern accent.

Press Report

LOS ANGELES—Last month the commanding general of the Israeli Air Force, Dan Tokowsky, helped kick off this year's \$100 million dollar United Jewish Appeal (UJA) fund drive with an address at the Hillcrest Country Club in Los Angeles. Sharing the platform with the Israeli air force head was Simon Ramo, described by the B'NAI BRITH MESSENGER as the "chief scientist for the (U.S.) Air Force missile and space program." It is presumed that Mr. Ramo did not divulge any of this nation's vital defense secrets to his co-racist from Israel—but don't bet on it.

NEW YORK—Vice-President Nixon, who already holds an "honorary" membership in the odious NAACP, now enjoys a new distinction. He has accepted an honorary degree of "Doctor of Laws" from Yeshiva University in New York.

TEL AVIV—Menahem Begin, leader of Israel's third largest political party (the Herut) has created a furor in Israel by threatening to come to the U.S. to conduct a direct fund raising drive unless his organization receives a larger allotment from United Jewish Appeal. The Herut party leader is demanding a larger allocation to equal the \$1250,000 the Mizrahi party receives annually from UJA. (NOTE: Although your contribution to the Democratic or Republican party is NOT tax exempt, Jews in this country may, and do, subsidize the Herut, Mizrahi and other Israeli parties with tax-free dollars through United Jewish Appeal.)

NEW YORK—New York City's new "anti-bias" housing law went into effect April 1st with the hiring of thirty new employees to enforce the radical new measure. An estimated 1,700,000 housing units in the city are affected by the bill, which makes it a crime for home and apartment owners to refuse to rent to Negroes or other "minority" groups. The chairman of the "Intergroup Relations Committee," which will enforce the law, was quoted by the NEW YORK TIMES as asserting that . . . "the maximum penalty—a year in jail—would be sought in cases where the violation is clearly deliberate."

GERMANY—When the U.S. 10th Infantry Division returned from Germany last month to its base in Georgia, 60 colored soldiers married to white girls in Germany transferred from the division en masse. Last year a similar mass transfer occurred when the 2nd Armored Division returned to Ft. Hood, Texas from Germany. Reason for the transfers: Texas and Georgia authorities had promised to arrest the inter-racial couples the moment they ventured off military territory . . .

SPECIAL:—The Negro magazine, JET, claims that 145 new segregation laws have been enacted in the 11 deep Southern states since the Supreme Court handed down its school desegregation decree in May of 1954. JET also becomes the fact that the NAACP has lost members in all the Southern states (except No. Carolina) during the past year.

ROOSEVELT BILL

(Continued From Page 1)

(probably accurately) would soon "become another Little Rock." Jimmy asserted that if Virginia officials refuse to go along with the Supreme Court's integration edicts, Federal troops and funds should be utilized to integrate the state schools. All this, of course, was calculated to set him in solid with his Negro constituents and the NAACP crowd.

Having relieved himself of this revolting bit of drivel, Roosevelt next turned his attention to currying favor with the hordes of fanatic Zionists who comprise a sizable portion of his constituency in and around Hollywood's Jew-infested Fairfax district. For their benefit he introduced a joint resolution in the Congress which would authorize the Secretary of

the Treasury to purchase \$60,000,000 in Israel Bonds as part of a government "trust fund." Roosevelt was quoted by the JEWISH POST (March 2) as saying that . . . "the \$60,000,000 figure was selected as a symbolic tribute to Haym Solomon, since it represented the sum that would be due him today for his financial contributions to the Revolutionary War."

SIGNIFICANCE: Although Roosevelt's rabid mouthings accurately reflect his own depraved political philosophy (as well as that of his mother, Eleanor Roosevelt), both his proposal to send troops into Virginia and his plan to purchase Israeli bonds with U.S. Treasury funds are undoubtedly inspired by practical considerations rather than by sentiment.

This is readily apparent when the nature of his constituency is understood, for Roosevelt's 26th district is a gerrymandered hodge-

podge of Negroes and Jews the like of which cannot be found anywhere else in the state. It consists of two sections connected by a narrow neck. The western section, as previously noted, takes in the Hollywood and Fairfax areas, heavily infested by Jews, most of whom are ardent Zionists (i.e. Israeli nationalists). The eastern section encompasses the Central Avenue Negro district—which explains his passionate desire to send troops into the South to enforce racial integration in the schools . . .

The long and the short of it is that Jimmy Roosevelt sits in the U.S. Congress as a representative of these organized minority groups. There is, admittedly, some question as to whether his primary loyalty is reserved for his Negro constituents, or for organized Jewry. But there is no question whatever on one score: he in no way represents the American people, or any part of them, in the House of Representatives.

HOLLYWOOD

(Continued From Page 2)

extermination camp." Very touching, but strictly a hate fabrication intended to keep alive the vicious myth that the Germans deliberately exterminated Jews—a myth all the more despicable when you remember that a large percentage of Germany's pre-war Jewish population now resides in the U.S.A. Come to think of it, an awful lot of them live in Hollywood . . .

THE LONG HOT SUMMER (20th Century-Fox) is one of those pictures whose chief purpose is to vilify white Southerners as low, ignorant, vulgar "Tobacco Road" characters. The film is adapted from the writings of Wm. Faulkner, who like Erskine Caldwell and others of his stripe have made a lucrative profession out of portraying Southerners as debased, venal degenerates distinguished mainly by their erotic sex behavior and racial discrimination against Negroes. LONG HOT SUMMER taken by itself would not be particularly significant, but seen as a part of an overall pattern it stands out clearly as a nasty little propaganda picture whose primary function (besides making money for its Jewish producer, Jerry Wald) is to heap ridicule upon the white South. Star of LONG HOT SUMMER, incidentally, is Orson Welles, who adopts a phony, grotesque Southern dialect for the role. For the record it should be noted that Welles created quite a sensation in the Negro press a year or two back. Seems he developed a steamy passion for the negress Eartha Kitt, while playing a part with her . . . The details are a bit too revolting to repeat here, but since Welles has set out to make propaganda against the South, we thought the matter should be mentioned . . .

Sneak "F.E.P.C." Imposed By Jews On U.S. Industry

LOS ANGELES—The "President's Committee on Government Contracts" has chosen Los Angeles as the site of its second branch office outside of Washington, D.C. (Chicago was the first) in what appears to be a major effort to coerce western business firms into a mass mongrelization program. The so-called President's Committee, of which vice-president Nixon is the titular head, was established in 1953 by Mr. Eisenhower for the avowed purpose of imposing a sneak "F.E.P.C." upon American labor and industry through control of government contracts. The Committee, whose executive secretary (and real boss) is the Jew, Jacob Seidenberg, utilizes the threat of canceled government contracts as a lever to force private business concerns to hire Negroes and other "minorities." Business firms failing to employ (or promote) their prescribed quota of Negroes are threatened with the possible loss or cancellation of government orders . . .

Southern Editor Flays News Censorship

CHICAGO—In Chicago last month a Southern newspaper editor, Grover C. Hall of the Montgomery (Ala.) Advertiser, delivered a talk before the annual meeting of the Inland Daily Press Association which few if any of his Negro-coddling audience will ever forget—even if most of them did see fit to censor it in their own newspapers. Editor Hall pulled no punches in laying the race situation squarely on the line.

"I'm pleased to come to Chicago to discuss the grievous race problem of the South—the South Side of Chicago, where more Americans are in immediate physical danger because of race strife than in all the Southern states together," the

NAACP ELOPS

MONTGOMERY—The NAACP's grandiose scheme to register an additional million Negro voters in 11 Southern states (double the present figure) has stalled, according to an Associated Press survey. The drive, which is headed by the Negro bus boycott leader, Martin Luther King, got off to a big start with rallies in 21 key Southern cities last month. Since then, the AP report shows, Negro registrations have either declined or remained stationary in virtually all the Southern states. In Montgomery, headquarters of the drive, registrations fell below normal.

Methodists "Integrate"

LOS ANGELES—Some 383 delegates to a three-day Methodist "Conference on Human Relations" meeting in Los Angeles last month endorsed a resolution urging the appointment of colored ministers to white congregations in Southern California as an "experiment." The recommendation was made to Bishop Gerald Kennedy, who last year created a raging controversy in California church circles when he appointed a Negro preacher to head the all-white Normandie Ave. Methodist church in Los Angeles. That appointment, which was made without the prior knowledge of the congregation, resulted in the mass walk-out and resignation of the entire membership, some of whom had belonged to the church for over 30 years . . .

Roosevelt Bill Would Use American Treasury Funds To Purchase Israeli Gov't. Bonds To Satisfy Jew Voters

WASHINGTON, D.C.—Last month slimy, slippery Jimmy Roosevelt, who easily qualifies as the most despicable member of the U.S. House of Representatives, issued forth with two pronouncements which could not fail to endear him with his Jewish and Negro constituents in California's mongrelized 26th Congressional district. In fact, Jimmy's sudden burst of energy would almost lead to the suspicion that he has already begun his campaign for re-election to Congress . . .

Plan for US to Buy 60 Million In Israel Bonds

WASHINGTON, D.C. (AP)—Congressman James Roosevelt (D., Cal.), this week introduced a joint resolution to authorize the Secretary of the Treasury to purchase 60 million in State of Israel Bonds for investment by the federal government's trust fund.

The above clipping taken from the NATIONAL JEWISH POST, describes Jimmy Roosevelt's scheme to purchase 60 million dollars worth of Israeli government bonds with U.S. treasury funds.

What Jimmy did was to deliver a speech in Washington, D.C. in which he demanded that Eisenhower call an emergency conference to solve the integration crisis in Virginia, which he predicted

Wall Street Journal Exposes Racial Scandal In N.Y. Schools

NEW YORK CITY—Perhaps it is because New York City is infested with more than its share of Jews, Puerto Ricans, Negroes and assorted aliens of every description, or perhaps it is simply because all the important nationwide news media (i.e. the wire services, publishing houses, TV nets, etc.) are centered there, but whatever the cause it is an indisputable fact that more race mixing propaganda emanates from there than any other place in America. New York is, literally, the fountainhead from whence flows a veritable barrage of anti-Southern, anti-white, pro-Negro and pro-integration propaganda. Whether it is an Emmett Till case in Mississippi, a bus boycott in Montgomery, a fist fight in Clinton, Tennessee or a student fracas in Little Rock, the New York controlled press is Johnny-on-the-spot with news coverage which without fail is slanted to favor Negroes, defame whites and advance the cause of racial integration in the schools. No detail reflecting

Anti-Defamation League In Anti-Semitic Scare

SPECIAL—For years the Anti-Defamation League (ADL), the well financed propaganda arm of the B'nai B'rith, has wept and moaned over the alleged "discrimination" practiced by U.S. medical schools against Jewish students. Last month the Jewish syndicated columnist, Doris Smolar, published the results of a nation-wide survey conducted by the ADL on the situation. The survey showed, according to Smolar, that 70% of all the medical students in New York University's medical schools were Jews, and that Jews constituted 32% of the medical school enrollment in New York, New Jersey, Pennsylvania and Maryland. In the New England states of Massachusetts, Vermont and Connecticut 28.7% of the students were Jews . . .

Despite these findings the Anti-Defamation League shrilly complained that one New York medical school (Cornell) was discriminating against Jews—because only 18% of the enrollment was Jewish!

NOTE: Although the ADL's claim that Jews are "discriminated" against by U.S. medical schools is patently a fraud, a constant harping upon the theme does serve a useful propaganda purpose, for it tends to draw attention away from the fact that Jews have almost completely taken over and commercialized the American medical profession—even to the extent of running the American Medical Association (AMA), whose president, David Allman, is Jewish. It's a very clever and useful propaganda trick and the Gentiles almost never seem to catch on . . .

In Washington, D.C.'s integrated schools, armed police now patrol the halls to protect white students and teachers from Negro jungle violence. Slashings, knifings, assaults, indecent exposures and sex incidents are so rampant throughout the District's integrated system that white students are virtually deserting the schools en masse. Today, Negroes comprise more than 70% of Washington's student enrollment, whites less than 30%!

AND THIS IS ONLY THE BEGINNING! To date only a few Northern and border cities have been integrated under the Supreme Court's edict. Slated for eventual "integration" are millions of Negroes in the South, and in many Northern communities as well. It is only a matter of time until every American family will be confronted with the prospect of sending its children into inter-racial schools to be exposed to crime, narcotics, venereal disease and violence through forced association with Negro "classmates". It's already happening in Washington, D.C., in New York, in Chicago -- it will be happening in YOUR schools soon IF the Supreme Court has its way. **LET'S FIGHT BACK! LET'S KEEP OUR SCHOOLS WHITE!**

6 Are Jailed For Attacking S. Phila. Girl

Minimum Term:
Five Years in
Schoolyard Crime

Five young men were convicted of attacking a 17-year-old girl yesterday. A sixth had pleaded guilty.

All six were sent to prison for minimum terms ranging from five to seven-and-a-half years. The maximum penalty for each was set at 15 years.

The heaviest minimum jail terms, seven-and-a-half years, were handed out to...

Do you want YOUR children "integrated" with aggressive, dull-witted, over-sized, over-sexed Negroes like these? Then support the efforts of those who are fighting compulsory racial integration by distributing extra copies of this tract!

...Miller, Jr., 17, of Christian st. near 15th, received a five to 15 years term. He had pleaded guilty to the assault charge.

The jury deliberated from 4:50 to 7:27 P. M. before returning guilty verdicts on the five other youths.

They were convicted on two bills of indictment. One charged rape and aggravated assault and battery. The other was a conspiracy charge.

A third bill charged assault and battery and indecent assault.

Long Prison Terms Imposed in Assault on Girl

Recipients of prison sentences for attacking a 17-year-old girl in South Philadelphia are (from left) Ivy Lee Crosland, his cousin Joseph Crosland, Roddy Miller, Jr., Joseph Crosland's brother, Robert, and Donald Johnson, Jr. Also convicted and sent to prison was Leroy Kelly, Jr. (not pictured).

Questions Youths in Mutilation of Girl

Policeman stands guard over handcuffed group of young men in Englewood police station as they awaited questioning in the rape and mutilation attack on an 11-year-old girl near her home at 6725 S. Sangamon st. Identified in group are Sam Chandler (left) and Elijah Hopkins (behind Chandler).

QUIZ NINE BOYS HELD IN RAPE OF GIRL SCOUT

Victim, 11, Too Weak
to View Suspects

Nine boys, rounded up in a police search for a gang which seized, stripped, and raped an 11-year-old girl near her home on the south side Tuesday night, were questioned yesterday in the state's attorney's sex bureau.

The victim of the attack was reported in fair condition in Englewood hospital, although still not strong enough to view those seized as suspects. The girl said her attackers were Negroes.

Victim Crawls Home

She told Sgt. Thomas Mulvey of the sex bureau that the gang dragged her into a basement area at 6701 Sangamon st., stripped off her Girl Scout uniform, beat and raped her, and slashed her with either a knife or a broken bottle.

Shoes taken from Elijah Hopkins are viewed by Detective William O'Malley before being taken to crime laboratory for examination of possible blood stains.

John Rayford (left) and George Hughes, also in custody for questioning.

She lay helpless in the area-way for half an hour after the attack, weakened from loss of blood, before she was able to crawl to her home a few doors

David Stokes, who was held for questioning in the attack, away.

Police scheduled a lie detector test for one of those held, Elijah Hopkins, 13, of 6511 Sangamon st., who is more than 6 feet tall and weighs 170 pounds. The plan was abandoned, however, when his mother, Ethel, refused to give permission for the test.

Idea for Attack Told

Several others held told police that a short time before the attack Hopkins was urging several companions on the playground of the Kershaw school at 65th st. and Union av. to accompany him to "get" a white girl.

YOUR CHILDREN ARE NEXT !

Every parent, and particularly every parent who believes in racial "integration," should study the clippings which appear here, for they illustrate a problem which the U.S. Supreme Court has thrust upon millions of white families with its infamous school de-segregation decisions...

The results of the Court's vicious program of compulsory mongrelization are already evident, despite the frantic attempts by the northern commercial press and radio to suppress the facts.

In New York, uniformed policemen have been stationed at integrated schools to protect white children from a Negroidal reign of terror in which white girls have not only been abused and insulted, but have

The clipping to the left illustrates the kind of "classmates" YOUR child will be exposed to if large scale "integration" comes to your community.

actually been beaten and raped on school premises by Negro "classmates"...

In Philadelphia, where a gang of Negroes recently raped a 17-year-old white school girl in a South Philadelphia schoolyard, the mass exodus of white families to the suburbs continues. And when Negroes attempted to follow them into the nearby suburb of Levittown, white families rioted...

In Chicago the situation is typified by a recent incident in which a group of Negro students at the Kershaw School decided to "get" a white girl. For their victim they chose an 11-year-old Girl Scout, whom they stripped, beat, raped and slashed viciously with a broken bottle.

THE LITTLE ROCK STORY

On the fateful day of Sept. 24th, 1957 the city of Little Rock, Arkansas became a focal point of national and international interest when Mr. Ike Eisenhower dispatched armed, bayonet-wielding Federal paratroopers to compel racial integration in the city's all-white Central High School. When the school term ended eight months later, Federal troops (actually federalized National Guardsmen) were still patrolling the hallways and schoolyards of Central High --and it was apparent Mr. Eisenhower had no intention of withdrawing them so long as opposition to school integration continues in Little Rock...

Since the white citizens of Little Rock show no inclination whatever toward acceptance of compulsory racial integration in their schools, it would appear that the military occupation of their city will in all probability continue indefinitely. Furthermore, it is entirely possible that

Mr. Eisenhower might, under one pretense or another, extend the blessings of bayonet rule to other areas of the South which likewise continue to repulse racial mongrelization. For that reason it is important that the citizens of Little Rock, as well as those throughout the country, should gain

This is "democracy", Eisenhower style. Little Rock high school girl is shown presenting pass to a bayonet-equipped paratrooper so that she may enter schoolyard. Troops were still there 8 months later when summer vacation began....

a better insight into the Little Rock Story. They should first of all be acquainted with the circumstances which brought about the military occupation, and they should also know a little more about Mr. Eisenhower's record of collaboration with the NAACP...

Most Little Rock citizens are already familiar with some of the circumstances which preceded the stationing of troops at Central High, but relatively few know the full story. They do know, for example, that the trouble began when a Negress by the name of Daisy Bates enrolled nine Negro students in the all-white high school. Most of them also know that Daisy Bates is an official of the so-called National Association for the Advancement of Colored People (NAACP), and that the enrollment of the Negro pupils was part of a well organized NAACP plan to force Negroes into the city's white schools. And they know, too, that when resistance developed to the NAACP's plan, Mr. Eisenhower stepped into the picture by ordering Federal troops into the city. These basic facts are fairly common knowledge not only in Little Rock, but throughout the South generally.

But what very few people in Little Rock (or elsewhere) know is that the plot to "integrate" Little Rock's school system was cooked up in New York City by a small group of alien Jews, and that these same Jews influenced Ike Eisenhower to send troops into Arkansas when their scheme backfired. Incredible as that revelation may seem, it is substantiated in full by the details cited on the following page. These are facts which every Little Rock citizen should know; facts which are being kept from you...

FACT: The N.A.A.C.P. Is NOT Controlled By Negroes!

When the Negress, Daisy Bates, enrolled those nine Negro students at Little Rock Central High School, thereby setting off the crisis which followed, it is true that she was acting as an agent and as an official of the National Association for the Advancement of Colored People (NAACP).

The photograph to the left recently appeared in the official NAACP magazine, CRISIS. It shows the real leaders of the NAACP: Arthur Spingarn, its long-time president, and ex-senator Herbert Lehman, an NAACP board director....

But it is also true that she was serving as a stooge for the New York Jews who control and run the NAACP, for it is important to emphasize that the organization is not really Negro at all; it is a Jewish front!

(In this connection the picture to the left is especially significant. It shows

the Jewish president of the NAACP, Arthur B. Spingarn, shaking hands with his co-racist, Herbert Lehman, who is a board director of the NAACP. In the background is the Negress, Daisy Bates, an underling in the NAACP...)

It is high time the people of Little Rock learned the identity of their real enemies: the trouble-making New York Jews who control the NAACP and who are responsible for the military occupation of their city! Neither Daisy Bates nor any other Negro in Arkansas was the real instigator of the Little Rock crisis!

FACT: Eisenhower Is An N.A.A.C.P. Collaborator

No one familiar with Ike Eisenhower's slavish record of collaboration with the subversive NAACP should have been

Shown above is Ike Eisenhower as he sang the Star Spangled Banner from the platform of the NAACP on March 10th, 1954. The occasion was an NAACP "Freedom Fulfillment Convention" convened for the purpose of launching a ten year, ten million dollar "integration" program under the slogan of "Free by Sixty-Three." Eisenhower as the featured speaker promised the convention his wholehearted cooperation in

achieving full "equality" for Negroes.

NOTE: Standing next to Eisenhower in the above picture is the NAACP's board chairman, Channing Tobias, a member of more than 50 Communist front organizations. Next to him is the NAACP's late Walter White, also an ardent red-fronter. Not shown is the Jewish mastermind and president of the NAACP, Arthur Spingarn, who has run the organization since 1939.

the least bit surprised when he used Federal bayonets to coerce Little Rock school children into submitting to racial mongrelization. The man has been an avid promoter of racial "integration" in every form from the day he took office. He has maintained close and intimate contact with the Jewish officials of the NAACP, and numerous pictures have been published in the Negro press (but not in white newspapers) showing him consulting with them at the White House. On one occasion he even appeared on the platform of the NAACP in Washington D.C., where he was actually photographed singing the Star Spangled Banner with a Communist officer of the NAACP standing at his elbow! IS IT ANY WONDER THAT IKE SENT TROOPS INTO LITTLE ROCK WHEN THE NAACP DEMANDED FEDERAL INTERVENTION?

Dear Mr. Hoover:

Greetings! I am an admirer of yours of a long time for the fight you have made in this country for morality and basic American principles.

I see occasionally a copy of THE AMERICAN NATIONALIST. I do not identify myself wholly with them, but they have much good to say in the ~~preservation of our country~~ interests of the preservation of our Country. I note what they have to say about your remarks about Jewry, and I wonder if their appraisal of your remarks is correct. The evidence seems to me to be very strong that certain Jewish organizations are strongly behind the efforts of the Communist-fronters to cripple our nation in the interests of the Communist conspiracy. I would appreciate your letting me know how you feel in this regard, and I would appreciate very much your evaluating the AMERICAN NATIONALIST'S remarks about what you had to say.

Thank you for your kind attention.

Yours very sincerely,

Dear [REDACTED]:

Your letter dated July 31, 1958, with its enclosure, has been received.

The portions of my book, "Masters of Deceit," as quoted in the publication you submitted, are substantially correct and, for the most part, were taken from Chapter 19 entitled, "The Communist Attack On Judaism." However, I must advise that these quotations have been taken completely out of context and thereby give an erroneous impression.

Chapter 19 sets forth in detail my comments concerning this matter and to obtain a better understanding of my views I would like to suggest that you read this chapter in its entirety.

Your kind personal remarks have been noted and are appreciated.

Sincerely yours,

J. Edgar Hoover

NOTE TO CHARLOTTE, CONTINUED

"The American Nationalist" is a monthly 4-page publication edited by Frank L. Britton and published by The American Nationalist, Box 301, Inglewood, California. Britton is reportedly 38 years old, a veteran of World War II and a former student at the University of Southern California. An informant, who has furnished reliable information in the past, advised in 1956 that Britton openly opposes communism, racial integration and related movements which he ascribes to Jewish initiative, and, consequently, he has been labeled as anti-Semitic and a hatemonger. (105-22921)

The above is furnished for your information only.

NOTE ON YELLOW:

Correspondent states he has been an admirer of the Director for a long time. He enclosed a copy of the above publication and stated he does not wholly identify himself with the organization but believes it has much good to say in the interests of the preservation of this country. He notes what the publication has to say concerning the alleged remarks of the Director concerning Jewry and wonders if its appraisal is correct. He requests to be advised of the Director's evaluation of the publication's remarks about the Director's book.

The article "J. Edgar Hoover Lauds Jewry" in the above publication has been previously brought to the Bureau's attention. The article indicates that the Director wrote his book to receive much-needed publicity, and one of the main reasons for the book was to "curry favor with organized Jewry." Through the use of various passages out of context, the article attempts to establish that the Director implied that all Jews are loyal and not communists.

Dear Sir:

Masters of Deceit was brought to my attention, recently.

Then a friend of mine, sent me the enclosed brochure.

With the row of pictures on page three, it is far from comprehensible to believe that you really wrote sixteen pages lauding the Jews, in the book Masters of Deceit.

Will you kindly tell me IF YOU REALLY WROTE THIS BOOK OR IF YOU DIDN'T. I have to hear this from you to believe it.

Awaiting an early reply I am, very sincerely

DATE: October 2, 1958

Federal Judge J. SKELLY WRIGHT, U. S. District Court, New Orleans, Louisiana, telephonically advised this office on September 30, 1958, of receipt of information from an acquaintance to the effect that a poster disparaging to U. S. Chief Justice EARL WARREN had been pasted on a building in New Orleans located at 1418 Cleveland Avenue.

SA [redacted] of this office observed on October 1, 1958, that this building was formerly occupied by RKO Radio Pictures, Inc.

[redacted] of Exhibitors Cooperative Service, 218 South Liberty Street, the former [redacted] of RKO Radio Pictures, Inc., and a pensioned employee who looks after the interest of that firm in New Orleans, advised on October 1, 1958, that this building at 1418 Cleveland Avenue was occupied for business by RKO Radio Pictures, Inc., until February 7, 1957. Since that date the building has been empty, but it has been under lease to RKO Radio Pictures, Inc.

b6

[redacted] stated that he looks after the building for RKO Radio Pictures, Inc. He advised that posters have frequently been put up on the premises, and that he has attempted to keep the building cleaned up by having the porter remove posters which have been placed on the building. He advised that he did not believe that this poster concerning Chief Justice WARREN was on the building on September 30, 1958. He believed that the poster had just been put up, and volunteered that he would have it removed by this porter.

This poster carries the profile and full-face photographs of Chief Justice EARL WARREN and reads as follows:

WE ARE FIRING OUR LAST AMMUNITION!

Dear Friend & Patriot:-

This is an historic moment of history. A showdown fight between the Marxist-dominated Supreme Court and the sovereign states of Virginia and Arkansas is underway. At about the time you receive this letter, or shortly thereafter, the people of Little Rock will decide by ballot whether or not they will bow to Supreme Court tyranny, or whether they will continue to retain their all-white schools as they have done for generations.

Governor Faubus has already stated publically that in the few days preceeding the special election, the people of Little Rock will be flooded with left-wing and pro-integration propaganda in an attempt to sway the election. This is to let you know that many of them will be receiving OUR literature, too, for we are working night and day to get our printed material into Little Rock, and into the state of Arkansas generally, before the election deadline.

We are also mailing material daily into the state of Virginia, where Governor Almond has pledged "massive resistance" to the Supreme Court's integration program. Already several schools have been closed down there, and plans are being made to turn education over to private groups. Our literature is going into Norfolk, into Arlington, into Newport News and other strategic Virginia towns where the battle is hottest, and where history is being decided.

I wish YOU WERE HERE PERSONALLY to help with the mailing; to stuff the envelopes, to affix the postage, to seal the envelopes, to help out on the printing presses. That is impossible, of course, but if you were here you would understand the terrible urgency of this moment. You would see what I mean when I say that every day and every hour counts; that every postage stamp serves a vital purpose.

I am not stopping to count the cost of all this in dollars and cents. There is a time in the heat of battle when the soldier in the front lines does not conserve his precious ammunition; he fires away and prays that more will reach him before it is too late. That is the way it is with us at this precise moment.

This battle could be decided, and may be decided, within the next 30 or 60 days. Precedents are being set, decisions are in the making, courses of action are being taken. The hour of crisis is now. Either we act now or the opportunity is forever lost.

We are firing our last ammunition; we are depleting our last financial reserves to fill the need of this critical moment of history. The effort may bankrupt us. It may destroy us. But whatever comes, no one can ever say that we did not recognize this supreme moment of history, and no one can say, ever, that we did not make a supreme effort to do a job that someone had to do...

I hope, too, that you will realize and appreciate the significance of this moment, and of the implications of this letter. There was never a time when we needed your help and support as we need it now; there was never a time or a place where your contribution would count as much as it does now. Will you please stand with us in this critical hour? Will you rush your contribution NOW, the very moment you read this?

Sincerely,

Frank L. Britton

The leaflet urges that all persons desirous of bringing Chief Justice Warren to justice should contact their Congressmen recommending his impeachment for treason.

Reports containing background data and information concerning the aims, purposes and activities of The American Nationalist have been furnished the Department previously.

FEDERAL RESERVE BANK NOT "FEDERAL" AT ALL!

The formulation of the Federal Reserve System by Paul Warburg and his associates resulted in the Federal Reserve Act which has turned our economy over to private Zionist International Bankers.

WHY DO WE OWE A NATIONAL DEBT? AND TO WHOM?

The Federal Reserve Bank Act, the greatest financial rape of a nation in the history of the world, robs Congress of the Constitutional right to coin our money valued against our assets and services as a nation. We still print our money but we turn it over to the Private Zionist Bankers and then pay them interest to lend it to us for promoting the wars in which they have involved us. Taxpayers now pay approximately eight billion a year interest.

THE ONLY ENEMY AN AMERICAN SOLDIER HAS TO FEAR IS THE ENEMY AT HIS BACK."
Enemy at His Back, by Elizabeth Churchill Brown, Free Enterprise Pub. Foreword by Senator William F. Knowland.

OUR ARMY BETRAYED IN KOREA

Alger Hiss, architect of the United Nations, made a secret agreement with Molotov under which the post of Chief of the U. N. Military Staff Committee was permanently to be held by a Moscow Communist. When the Korean War began Sobelov, Moscow Communist, held this position. He promptly borrowed Lt. Gen. P. A. Vasiliev and made him Chairman of the U. N. Military Staff. Vasiliev planned the police action which we paid for and in which our forces fought. Then he was given a leave of absence and went to North Korea and conducted the North Korean Campaign as "advisor" in civilian dress. All this is to be found in a document in Washington marked TOP SECRET, May 15, 1954. Are we angry that we allow ourselves to be betrayed in this way? American casualties 140,000.

AND NOW OUR SOLDIERS LOSE THEIR CONSTITUTIONAL RIGHTS

A soldier loses his constitutional right to be tried by the military courts of the American Army. Our presidents have made open and secret treaties that turn him over to the tender mercies of a recent enemy nation or any nation in which he is stationed through no choice of his own but in defense of his country.

The Girard case has revealed a depth of treason which is unbelievable if it were not blatant and open. Our Supreme Court betrays our fighting men!

WHAT BETTER WAY FOR FRANKFURTER TO UNDERMINE OUR ARMED FORCES?

UTOPIA

The United States has only 7% of the vote in the United Nations — already the Afro-Asian block has more than 50% of the vote—small, backward nations, Russian Satellites Russia can dictate to and despoil our nation.

The good people of the world who cherish a dream of Brotherhood are being "sold down the river" by the Super World Slave State which the Zionists are cleverly, step by step, preparing through the United Nations.

"Our power in the present tottering conditions of all forms of power will be more invincible than any other, because it will remain invisible until the moment when it has gained such strength that no cunning can any longer undermine it."

HOW WOULD THE UNITED NATIONS TAKE OVER AMERICA

It has actually been rehearsed. Full details are given by John J. Daly in an article "U. N. Seizes; rules, American Cities," (National Republic, Sept. 1951.)

This recounts an actual trial run which took place in Culver City, Huntington Park, Inglewood, Hawthorne and Compton, California (part of Los Angeles County).

Troops, flying the blue rectangle flag of the United Nations (flag similar to the blue rectangle flag of Israel) took over these cities. They did this with a surprise move. . . Quote: "Throwing the mayor of the city in each case in jail, and locking up the Chief of Police and the Chief of the Fire Department. . . The citizens, were warned by a proclamation posted in front of the City Hall, that the area had been taken over by the armed forces of the United Nations."

So easy! The Experiment went through without a hitch! Let us remember that we have only 7% of the vote in the United Nations.

The Zionists caused F. D. ROOSEVELT to give Manchuria and Poland to the Communists and to divide Germany . . . see the results.

FRANKFURTER, directing the State Department, gave China to the Communists and sent General MARSHALL, their stooge, to spend 13 months breaking down enemies of Communism in China.

BARUCH has spent his life carrying out the plot of the "Protocols of the Learned Elders of Zion" while representing himself to the public as "Elder Statesman" and "Advisor to Presidents". He pretends to be a patriot by advising America what it should do for protection against war crises which he and his gang has foisted on America in their plot. Never elected to public office but rules from behind the scenes.

By their control of gold, they control the means of propaganda, smearing all newspapers and publications who do not kowtow to their wishes, and also shutting off all foreign news they do not wish a nation's people to hear. Every regular newspaper in the land talks of the world crisis, but not one dares to inform the public of the Zionist plot behind the crisis.

PRESS II

5. In the hands of the States of to-day there is a great force that creates the movement of thought in the people, and that is the Press. The part played by the Press is to keep pointing our requirements supposed to be indispensable, to give voice to the complaints of the people, to express and to create discontent. It is in the Press that the triumph of freedom of speech finds its incarnation. But the *goyim* States have not known how to make use of this force; and it has fallen into our hands. Through the Press we have gained the power to influence while remaining ourselves in the shade; thanks to the Press we have got the gold in our hands, notwithstanding that we have had to gather it out of the oceans of blood and tears. But it has paid us, though we have sacrificed many of our people. Each victim on our side is worth in the sight of God a thousand *goyim*.

III

1. To-day I may tell you that our goal is now only a few steps off. There remains a small space to cross and the whole long path we have trodden is ready now to close its cycle of the Symbolic Snake, by which we symbolise our people.

VII

Final factor of success in the political is the secrecy

Mr. Henry Ford, in an interview published in the New York World, February 17th, 1921, put the case for Nilus tersely and convincingly thus:

The only statement I care to make about the PROTOCOLS is that they fit in with what is going on. They are sixteen years old, and they have fitted the world situation up to this time. THEY FIT IT NOW.

CORRUPT AND RULE

IX

9. In order not to annihilate the institutions of the *goyim* before it is time we have touched them with craft and delicacy, and have taken hold of the ends of the springs which move their mechanism. These springs lay in a strict but just sense of order; we have replaced them by the chaotic license of liberalism. We have got our hands into the administration of the law, into the conduct of elections, into the press, into liberty of the person, but principally into education and training as being the cornerstones of a free existence.

10. We have fooled, bemused and corrupted the youth of the *goyim* by rearing them in principles and theories which are known to us to be false although it is by us that they have been inculcated.

United Nations the Zionist Super World Govt.

V

By all these means we shall so wear down the GOYIM that they will be compelled to offer us international power of a nature that by its position will enable us without any violence gradually to absorb all the State forces of the world and to form a Super-Government. In place of the rulers of to-day we shall set up a bogey which will be called the Super-Government Administration. Its hands will reach out in all directions like nippers and its organisation will be of such colossal dimensions that it cannot fail to subdue all the nations of the world.

Human Freedom Debased

III

20. The word "freedom" brings out the communities of men to fight against every kind of force, against every kind of authority even against God and the laws of nature. For this reason we, when we come into our kingdom, shall have to erase this word from the lexicon of life as implying a principle of brute force which turns mobs into bloodthirsty beasts.

Blackmail - A Vicious Weapon

X

13. In order that our scheme may produce this result we shall arrange elections in favor of such presidents as have in their past some dark, undiscovered stain, some "Panama" or other—then they will be trustworthy agents for the accomplishment of our plans out of fear of revelations and from the natural desire of everyone who has attained power, namely, the retention of the privileges, advantages and honour connected with the office of president.

5. When we come into our kingdom our orators will expound great problems which have turned humanity upside down in order to bring it at the end under our beneficent rule.

6. We will ever suspect then that ALL THESE PEOPLES WERE STAGE-MANAGED BY US ACCORDING TO A POLITICAL PLAN WHICH NO ONE HAS SO MUCH AS GUESSED AT IN THE COURSE OF MANY CENTURIES!

4. Moreover, the art of directing masses and individuals by means of cleverly manipulated theory and verbiage, by regulations of life in common and all sorts of other quibbles, in all which the *goyim* understand nothing, belongs likewise to the specialists of our administrative brain. Around us again will be a whole constellation of bankers, industrialists, capitalists and—the main thing—millionaires, because in substance everything will be settled by the question of figures.

3. For a time, until there will no longer be any risk in entrusting responsible posts in our State to our brother-Jews, we shall put them in the hands of persons whose past and reputation are such that between them and the people lies an abyss, persons who, in case of disobedience to our instructions, must face criminal charges or disappear—this in order to make them defend our interests to their last gasp.

XX

1. To-day we shall touch upon the financial programme, which I put off to the end of my report as being the most difficult, the crowning and the decisive point of our plans. Before entering upon it I will remind you that I have already spoken before by way of a hint when I said that the sum total of our actions is settled by the question of figures.

PRESS AND COMMUNICATIONS

WHAT IS THE ANTI-DEFAMATION LEAGUE?

(Protocols of the Learned Elders of Zion, Part XI, Section 10)

ADL is camouflaged as a mild pleasant organization to promote love
between Jew and Gentile.

The ADL is the Gestapo or the MVD of Zionist Conspiracy. It is
supported by the Lehmans, Warburgs, Morgenthau, et al. It has secret
agents in every community in America.

1. By stealth, by craft, by blackmail, it rules our newspapers and
magazines, our publishers, our radio stations, our TV Channels.

2. It creates and promotes "Minority Groups" and sows the seed of
race, color, and creed dissensions. Anti-segregation agitation is an ADL
job. It has broken us up into a nation of quarreling, wrangling, hating
factions.

3. It sets up "Smear" and "Character Assassination" apparatus to
destroy any individual who attempts to expose or fight the Zionist Con-
spiracy. (General MacArthur, Joe McCarthy, James Forrestal, Adm. John
Crommelin, etc.)

The "Smear" assignment to ADL was of vast importance. "Smear"
effectively silences or discredits those who would save us; they have no
outlet through Press or Radio to defend themselves.

"Through the Press we have gained the power to
influence while remaining ourselves in the shade."
(Protocols of the Learned Elders of Zion, Part II, Sec-
tion 5)

"Not a single announcement will reach the public without our control:
... inasmuch as all news items are received by a few agencies, in whose
offices they are focused from all parts of the world. These agencies will
then be already entirely ours and will give publicity only to what we dictate
to them."

(Protocols of the Learned Elders of Zion, Part XII, Sec. 4)

of its undertakings; the word should not agree with the deeds of the diplomat.

5. We must compel the governments of the *goyim* to take action in the direction favored by our widely-conceived plan, already approaching the desired consummation, by what we shall represent as public opinion, secretly promoted by us through the means of that so-called "Great Power"—the Press, which, with a few exceptions that may be disregarded, is already entirely in our hands.

XII

8. Literature and journalism are two of the most important educative forces, and therefore our government will become proprietor of the majority of the journals. This will neutralise the injurious influence of the privately-owned press and will put us in possession of a tremendous influence upon the public mind

Liberalism = Communism = Zionism

X

9. When we introduced into the State organism the poison of Liberalism its whole political complexion underwent a change. States have been seized with a mortal illness—blood-poisoning. All that remains is to await the end of their death agony.

One Zionist World Via War

II

1. It is indispensable for our purpose that wars, so far as possible, should not result in territorial gains: war will thus be brought on to the economic ground, where the nations will not fail to perceive in the assistance we give the strength of our pre-dominance, and this state of things will put both sides at the mercy of our international *agentur*; which possesses millions of eyes ever on the watch and unhampered by any limitations whatsoever. Our international rights will then wipe out national rights, in the proper sense of right, and will rule the nations precisely as the civil law of States rules the relations of their subjects among themselves.

OUR PRESIDENT A VICTIM!

Since Ike was heard to mutter about the — blank — blank Jewish machine (in January 1957) he has had

1. A Growingly Bad Press
2. Been "manipulated" to "reverse" himself until the American people are dizzy.
3. Had his prestige with his fellow Americans subtly undermined in a number of devious ways.

WHO NEXT?

Dr. Albert Hoffman, a Swiss Chemist and an admirer of Freud, has discovered a new drug considered exceptionally useful for subversive purposes. It can be used to induce insanity with suicidal tendencies to such a degree that the victim of an over-dose cannot resist the urge to commit suicide.

This drug is called "Lysergic Acid Diethylamide". Accompanying the report was a statement that experimentation in its use, "in a country other than Switzerland", resulted in nine suicides in one hospital in a period of two months. The "Mental Health" crowd will welcome this discovery; (American Mercury, August 1957).

COMMUNISM—ZIONIST OFFSPRING

III

7. We appear on the scene as alleged saviours of the worker from this oppression when we propose to him to enter the ranks of our fighting forces—Socialists, Anarchists, Communists—to whom we always give support in accordance with an alleged brotherly rule (of the solidarity of all humanity) of our social masonry. The aristocracy, which enjoyed by law the labour of the workers, was interested in seeing that the workers were well fed, healthy and strong. We are interested in just the opposite—in the diminution, the killing out of the GOYIM. Our power is in the chronic shortness of food and physical weakness of the worker because by all that this implies he is made the slave of our will, and he will not find in his own authorities either strength or energy to set against our will. Hunger creates the right of capital to rule the worker more surely than it was given to the aristocracy by the legal authority of kings.

Fluoridation—Tranquilizers—etc.

X

19. But you yourselves perfectly well know that to produce the possibility of the expression of such wishes by all the nations it is indispensable to trouble in all countries the people's relations with their governments so as to utterly exhaust humanity with dissension, hatred, struggle, envy and even by the use of torture, by starvation, BY THE INOCULATION OF DISEASES, by want, so that the GOYIM see no other issue than to take refuge in our complete sovereignty in money and in all else.

Filthy Literature

XIV

5. In countries known as progressive and enlightened we have created a senseless, filthy, abominable literature. For some time after our entrance to power we shall continue to encourage its existence in order to provide a telling relief by contrast to the speeches, party programme, which will be distributed from exalted quarters of ours....

delicacies of fine calculation, in this species of skill we have no rivals, any more than we have either in the drawing up of plans of political actions and solidarity. In this respect the Jesuits alone might have compared with us, but we have contrived to discredit them in the eyes of the unthinking mob as an overt organisation, while we ourselves all the while have kept our secret organisation in the shade.

XI

7. For what purpose then have we invented this whole policy and insinuated it into the minds of the *goy* without giving them any chance to examine its underlying meaning? For what, indeed, if not in order to obtain in a roundabout way what is for our scattered tribe unattainable by the direct road? It is this which has served as the basis for our organisation of SECRET MASONRY WHICH IS NOT KNOWN TO, AND AIMS WHICH ARE NOT EVEN SO MUCH AS SUSPECTED BY, THESE GOY CATTLE, ATTRACTED BY US INTO THE "SHOW" ARMY OF MASONIC LODGES IN ORDER TO THROW DUST IN THE EYES OF THEIR FELLOWS.

Cripple the Nations by Loans

XX

37. But it is a proof of the genius of our chosen mind that we have contrived to present the matter of loans to them in such a light that they have even seen in them an advantage for themselves.

Planned Inflation or Depression

XX

20. Economic crises have been produced by us for the *goyim* by no other means than the withdrawal of money from circulation. Huge capitals have stagnated, withdrawing money from States, which were constantly obliged to apply to those same stagnant capitals for loans. These loans burdened the finances of the State with the payment of interest and made them the bond slaves of these capitals....

plans. What we have to get at is that there States of the world, besides ourselves, only the masses of the proletariat, a few millionaires devoted to our interests, police and soldiers.

2. Throughout all Europe, and by means of relations with Europe, in other continents also, we must create ferment, disorders and hostility. Therein we gain a double advantage. In the first place we keep in check all countries, for they will know that we have the power whenever we like to create disorders or to restore order. All these countries are accustomed to see in us an indispensable force of coercion. In the second place, by our intrigues we shall tangle up all the threads which we have stretched into the cabinets of all States by means of the political, by economic treaties, or loan obligations. In order to succeed in this we must use great cunning and penetration during negotiations and agreements, but, as regards what is called the "official language," we shall keep to the opposite tactics and assume the mask of honesty and complacency. In this way the peoples and governments of the *goyim*, whom we have taught to look only at the outside whatever we present to their notice, will still continue to accept us as the benefactors and saviours of the human race.

Divide and Rule

V

5. For a time perhaps we might be successfully dealt with by a coalition of the GOYIM of all the world: but from this danger we are secured by the discord existing among them whose roots are so deeply seated that they can never now be plucked up. We have set one against another the personal and national reckonings of the *goyim*, religious and race hatreds, which we have fostered into a huge growth in the course of the past twenty centuries. This is the reason why there is not one State which would anywhere receive support if it were to raise its arm, for every one of them must bear in mind that any agreement against us would be unprofitable to itself. We are too strong—there is no evading our power. The nations cannot come to even an inconsiderable private agreement without our secretly having a hand in it.

The True Reason for our Civil Rights Bill!

IN 1935 A COURT RULED THAT ANTI-SEMITISM IN RUSSIA WAS A PENAL OFFENSE. (Universal Jew Encyclopedia, Vol. 1, page 386)

CORRUPT AND CONQUER

Our Textbooks are being "Brainwashed" of all patriotic idealism. . . our heroes are being debunked. Freudian psychoanalysis (grandfather of Psychopolitics) reduces man to an animal wracked by inordinate sex desires, by incest desires, and all kinds of perversion. By design and plan all scandal and immorality to be played up in the press. Note:

Confidential Magazine Case making headlines right across the country and keeping us diverted from the crisis building up like the pieces of a puzzle in the Middle East.

Parents for a generation "Brainwashed" into the easy method of child training—no child training—"Permissive Psychology" which has produced a nationwide problem of Juvenile-Delinquency. People with no respect for themselves or for anything are easily conquered.

PSYCHOPOLITICS IN ACTION TODAY

Part of a hand book for instruction in the Communists Training Schools in the U. S. used at the Eugene Debs Labour School, 113 E. Wells St., Milwaukee, Wisconsin.

An Address by Beria to

Very Special Students at the Lenin University:

"American Students, at the Lenin University, I welcome your attention to these classes on Psychopolitics. . . .

"With the institutions for the insane, you have in your country prisons which can hold a million persons and can hold them without civil rights or any hope of freedom. And upon these people can be practiced shock and surgery so that never again will they draw a sane breath. . . You must make these treatments common and accepted. And you must sweep aside any treatment or any group of persons seeking to treat by effective means. . . .

Psychopolitics is a solemn charge. With it you can erase our enemies as insects. You can cripple the efficiency of leaders by striking insanity into their families through the use of Drugs. By our technologies you can even bring about insanity itself when they become too restive." Forrestal??

A TERRIBLE WEAPON

Stalin is supposed to have turned ten million people into slaves and zombies by the use of the Lobotomy Operation. (American Mercury, August 1957)

Twenty-two states in America have now passed legislation which makes it possible for a judge to pass a person as insane without even seeing him, to allow "any treatment the hospital deems necessary" the first week without the permission of relatives or friends.

The Trend in our country today is evident in the attempt to establish a "Mental Siberia" in Alaska, which was called for in the Alaskan Mental Health Bill.

"Vienna has been carefully maintained as the home of psychopolitics, since it was the home of psychoanalysis." (From the Russian Textbook on Psychopolitics).

It is the boast of the Communists that psychotherapy in America is already thoroughly duped and practically taken over by Psychopolitical Viennese-born foreigners in this country.

Glamorous Purim Formula: Exterminate Anti-Semitic

Termites, by Rabbi Leon Stitz in "The American Hebrew", March 1, 1946.

"American Jews: must come to grips with our contemporary Anti-Semites. We must fill our jails with Anti-Semitic gangsters. We must fill our insane asylums with Anti-Semites."

Now in 1957

The Civil Rights Bill will give the legal opportunities to do this!

CIVIL RIGHTS BILL

The original Civil Rights Bill promoted by Zionists and Zionist money, and the ADL has concealed in it clever legislation to silence every voice raised against the Zionist Conspiracy. "Social and religious prejudice" would be the criminal label against any American who tried to tell the truth. De-segregation, the red herring, to keep us bamboozled, to divide North and South.

COMMUNISM --- A ZIONIST TOOL

THE RUSSIAN REVOLUTION

Who and How

Communism is an integral part of The Great Conspiracy of the Zionist Internationalists for the enslavement of the entire world.

IN 1917

Lenin (Ulianov, a half Jew) in Switzerland entertained strange visitors in his hideaway: Colonel House (tool for duping Woodrow Wilson, the professor in an Ivory Tower) was one. House was Jacob Schiff's special messenger boy to assure the Marxists of ample funds for this project planned and arranged by the Zionist "Invisible Government of the World". Other visitors to Lenin were: Litvinoff (Finkelstein), Kaganovitch and Molotov—Stalin (Dzugashvili) and his group.

Meanwhile

At Trotsky's (Bronstein, a Jew) "headquarters" in New York gatherings of hard faced characters collected. Trotsky made frequent furtive visits to Jacob Schiff's palatial mansion in New York as the financing of this Revolution was planned and arranged.

Then all of a sudden Trotsky and 276 Zionist Jews from the East Side of New York were on the high seas in a ship

CHARTERED BY JACOB SCHIFF, of KUHN & LOEB

CARRYING \$20,000,000 IN GOLD

PROVIDED BY SCHIFF AND HIS PARTNERS

TO FINANCE THE TAKE OVER OF MOSCOW!

A British War Ship intercepted this ship but Schiff appealed to Colonel House and President Wilson ordered the British to let it go.

Warburg, (brother of Felix Warburg) chief of the Secret Police in Germany, gave a sealed train safe conduct, to Russia across Germany. This train carried the trained Zionist Revolutionists and the \$20,000,000 in gold.

In 1918 - 1920

Jewish influence was especially powerful in the Central Council of Commissaries. In 1920, the Central Council consisted of 20 members, of which seventeen were Jews, and three gentiles. The Commissariat of War at the same time consisted of 43 members, of which no less than 34 were Jews. In the Commissariat of the Provinces, 21 out of 23 belonged to the same race, as did 45 out of the 55 members of the Commissariat of the Interior. The Commissariat for Foreign Affairs was comprised of 17 members; out of this number, 14 were Jews. Taken as a whole, the percentage of Jews in the Commissariats, the highest offices of Revolutionary Russia, was during the Lenin regime as follows:

In 1917-18, out of 316 Commissars, 300 were Jews.

In 1920, out of 457 Commissars, 322 were Jews.

In 1921, out of 550 Commissars, 447 were Jews.

In 1922, out of 525 Commissars, 445 were Jews.

To Bring Things Up To Date

"Ever since Lenin, every regime in Russia has invited me to come there. Lenin asked me to come and spend 6 months as an advisor, and he told his emissary: 'I know Mr. Baruch will not be interested in money, but if he could think up a goodly number of millions that would interest him, let him name them.'"
—From New York Journal American, August 16, 1957—
Article entitled "BARUCH AT 87", by Bill Corum.

The following is an excerpt of a report delivered by the Netherlands Minister at Petrograd on the 6th of September, 1918, on the situation in Russia. The Netherlands Minister was acting for the British Ambassador and the report was presented to Parliament in London....

"The foregoing report will indicate the extremely critical nature of the present situation. The danger is now so great that I feel it is my duty to call the attention of the British and all other Governments to the fact that if an end is not put to Bolshevism in Russia at once **the civilization of the world will be threatened.** This is not an exaggeration, but a sober matter of fact; and the most unusual action of German and Austrian consuls-general, before referred to, in joining in protest of neutral legations appears to indicate that the danger is also being realized in German and Austrian quarters. **I consider that the immediate suppression of Bolshevism is the greatest issue now before the world;** not even excluding the war which is still raging, and unless, as above stated, Bolshevism is nipped in the bud immediately, it is bound to spread in one form or another over Europe and the whole world, **as it is organized and worked by Jews who have no nationality, and whose one object is to destroy for their own ends the existing order of things.** The only manner in which this danger could be averted would be collective action on the part of all Powers.

"I am also of opinion that no support whatever should be given to any other Socialistic party in Russia, least of all to social revolutionaries, whose policy it is at the moment to overthrow the Bolsheviks, but whose aims in reality are the same, viz., to establish proletariat rule through the world. Social revolutionaries will never fight any foreign Power, and any profession which they may now make in this sense is merely a tactical move in their struggle with the Bolsheviks."

On 10/3/58 this office received a notice in the form of a wanted flyer containing derogatory information concerning Chief Justice EARL WARREN of the U. S. Supreme Court. The flyer stated that WARREN was considered to be a dangerous and subversive character who was an apparent sympathizer of the Communist Party. It stated WARREN has been accused of giving aid and comfort to the Communist Party on frequent occasions. WARREN was described as a fanatic who will stop at nothing to achieve his goals. It urged persons wishing to aid in bringing him to justice to contact their Congressmen to urge his impeachment for treason. It contained the notice that extra copies could be had at 20 for \$1.00 or 100 for \$3.00 from the American Nationalist, Box 301, Inglewood, California.

PROTECT YOUR CHILDREN NOW --OR FACE THE CONSEQUENCES!

The picture to the left was recently published in one of the Negro magazines to demonstrate how well racial integration is working in Chicago's inter-racial schools. Similar pictures are frequently featured in some of the major church publications as "proof" that very young children display no awareness of skin color or race, hence are naturally free of racial "bias" and "prejudice". "The children are free of prejudice", they drivel. "It is only the grown-ups who poison their minds with racial bias"...

But even a brief analysis will reveal just how vicious and fraudulent this kind of propaganda really is. It is true, of course, that young children normally display no race consciousness until so taught by their parents, but it is also true that they have no sense of honesty, modesty or even hygiene until properly trained by their elders... Actually, the argument that race-mixing is good and desirable simply because youngsters show no objection to it is about as valid as saying that a lack of cleanliness or personal hygiene is good because children show no natural aversion to dirt. The plain truth is that children --all children-- must be taught what is good and right for them, be it table manners, cleanliness --or racial self-respect.

It is the obvious duty of parents everywhere to protect their children from situations like that depicted above --IF they are to avoid having them end up in situations such as are pictured below. It is well and fine for parents to say that their own children will turn out all right if they are "raised right", but the point is that if children are thrown together with Africans at every opportunity, and are constantly indoctrinated at church and school with the idea that race-mixing is fine and noble while racial pride is sinful and immoral, then they cannot be blamed for practicing what they have been taught. And make no mistake about it, the child in the picture above is being taught to "integrate"; she is being prepared for total mongrelization. And so it will be with your children, unless you are willing to protect them by standing up and fighting against racial integration NOW, before it is too late!

PRACTICING... WHAT THEY HAVE BEEN TAUGHT

TOTAL MONGRELIZATION

The NAACP receives a gift of \$75,000 from the Philip Murray Memorial Foundation in New York ceremonies. Shown during the presentation, left to right, are Arthur Spingarn, NAACP president; Walter P. Reuther, CIO president, and Roy Wilkins, NAACP administrator.—Campbell Photo.

As the clipping to the left indicates, the C.I.O., under the leadership of the Russian-loving Walter Reuther, recently presented the National Association for the Advancement of Colored People (NAACP) with a \$75,000 donation to help with its "educational" fund ("education" for whites, that is; not for Negroes). The \$75,000 gift was accepted by NAACP president Arthur Spingarn, the Jew who has headed that trouble-making organization since 1939.

It isn't generally known, but the NAACP in 1954 launched a ten-year, \$10,000,000 "educational" program under the slogan, "Free by Sixty-Three". Purpose of the campaign is to prepare public opinion for the total "integration" of Negroes into white society, and the deadline has been set for 1963. The "Free by Sixty-Three" campaign was officially kicked off

at a Washington D.C. convention on March 10th of 1954 with the blessings of Ike Eisenhower, who actually appeared as a speaker before the convention to assure NAACP delegates of White House support for the program...

To achieve its race-mixing goal the NAACP proposes to place Negroes into virtually every white community in America until there is no such thing as an all-white or all-Negro residential neighborhood. The reasoning behind this is simple. As the NAACP explains it, the present pattern of segregation is attributable mainly to segregated housing. Because of segregated housing Negroes and whites tend to keep to themselves, with the result that Negroes and whites have their own schools, churches, stores, sports and social organizations. Only when whites and Negroes have been placed in interracial neighborhoods, so the NAACP argues, will they mingle freely in school, at church, in social activities and, ultimately, in marriage. For this reason the NAACP will concentrate its attention upon interracial housing for the next few years. Pressure will be exerted all along the line to move Negroes into white housing projects and into white neighborhoods. The purpose of the NAACP's "Free by Sixty-Three" campaign is to beat down resistance to this program, and at the same time to "educate" white Americans into an acceptance of the situation. The time has obviously come for white Americans to take action if this Jew-inspired program for compulsory mongrelization is to be defeated... Let's fight back! Let's put the NAACP out of business!

MONGRELIZATION UNLIMITED!

Shown above is a preview of what the Jewish-led NAACP plans for all America under its "Free by Sixty Three" program. Scenes like these inevitably occur when the barriers of racial segreg-

ation are lowered. Although pictures like these appear regularly in the Negro press, white publishers censor them, with the result that Negroes know what is happening, but whites do not.

BOY BLINDED BY LYE HURLED IN CLASS; 20 HURT

DO YOU WANT THIS HAPPENING TO YOUR CHILD?

Nowhere is racial integration practiced more ardently than in New York City's schools. They like it so much there that this year they began a program of transporting Negroes into all-white schools by bus. "No child", sniveled New York's board of education, "should be denied the privilege of attending an integrated school". The white honor student shown here was so "privileged". One day his Negro "classmate" (above) made a sex attack on him. When the white boy had him arrested, the Negro threatened and terrorized him for weeks, finally walked into the classroom one day, hurled a bottle of lye into the white student's face, and blinded him. And this is a sample of what Eisenhower would force Americans to accept at bayonet point... AMERICAN NATIONALIST

Dear Sirs:

I am enclosing herewith a bit of mail received at this radio station this afternoon. I feel that you would be interested in it.

To me it seems to have the earmarks of coming from some communist front organization interested in rabble rousing and creating as much disturbance of the peace as possible. I am cognizant, of course, that it could just as easily have come from some cheap crook interested in making a fast buck by selling cheap pictures to sensation seeking people. However, I felt that at least no harm could come from turning this bit of propoganda over to you for your expert appraisal.

Trusting that the enclosure will be of interest to you, I am,

On 11/17/58, a man who would not disclose his identity furnished a packet of American Nationalist literature which was sent to him through the mail.

This literature is similar to other material received from the general public, sent by captioned organization, and which is probably being sent to the Norfolk, Va. area due to the school integration crises.

With the literature furnished by this individual was the enclosed Wanted Flyer on Chief Justice WARREN, which had not been included in previous mailings to this area and is in all probability new.

The enclosed is being furnished for information of the Bureau and Los Angeles is also being advised for information purposes, in that captioned newspaper is published at Inglewood, California.

The Truth About Those Negro Heroes

Negro Cowardice In Combat Revealed

Zealots of "racial equality" have long carried on a propaganda campaign in an effort to glorify the Negro soldier's valour as a fighting man, the claim often being made that the Armed Forces are discriminating against some of their best soldiers. An outstanding example of this propaganda in action was the making of the motion picture, "Home of the Brave", which stressed the imaginary accomplishments of the Negro soldier, and gave special emphasis to the alleged discrimination which he suffers from bigoted whites.

This type of propaganda has been disseminated on such a wide scale that many people have actually been led to believe that Negro soldiers are magnificent fighters who have contributed courageously and selflessly to the defense of America. They have been led to believe that Negroes have died in great numbers in defense of freedom. These arguments are used to justify the integration of Negroes into white units.

THE RECORD

As a point of fact the role of Negro soldiers in combat has been, in general, unimpressive. They have neither distinguished themselves for bravery nor devotion to duty. On the contrary, they have proved unreliable in danger and fearful in combat. A few statistics taken from the official records of World War I and World War II will disprove without question the fallacious argument that Negroes are courageous fighters, or that they have died in great numbers in defense of "democracy". The record of both wars indicates very strongly that Negro troops, if used at all, should be utilized in non-combat duties, and that in no case should they be integrated with white troops.

WORLD WAR I

Here are the facts: The records of World War I reveal that approximately 1350,000 Negroes served in the armed forces, about half of whom served overseas. From these, two Negro infantry combat divisions—the 92nd and 93rd divisions—were formed. Both divisions were under German fire in 1918, and altogether about 40,000 Negro troops were exposed to combat conditions. Did they distinguish themselves? Let us take the words of a high-ranking white officer of the 92nd division, Colonel Allen J. Greer, who had described the combat record of the division as follows: "The record of the division is one which will probably never be given full publicity, but the bare facts are about as follows: We came to France in June, we were given seven weeks in the training area instead of the four weeks in training areas as usually allotted, then went to a quiet sector of the

The 92nd Division in France

In 1918 the all-Negro 92nd Division (above) had 182 men killed in action. In World War I the TOTAL number of Negroes killed in action was under 900; in World War II less than 500 died in action. In other words, Negroes, who

All-Negro 93rd Division on Parade

comprise about 10% of our population, have suffered less than 1% of our battle casualties in both wars combined. To put it another way, more than 100 white soldiers have died in action for every Negro who met a similar fate.

front. From there we went to Argonne, and in the offensive starting there on Sept. 26, had one regiment in the line, attached to the 38th French Corps. They failed there in all their missions, laid down and sneaked to the rear, until they were withdrawn. Thirty of the (Negro) officers of this regiment were reported either for cowardice or failure to prevent their men from retreating and this against very little opposition. The French and our white field officers did all that could possibly have been done; but the troops were impossible".

That was the combat record of the 92nd Negro division in World War I. Altogether the 92nd lost 182 men killed, including 62 who died of wounds. The 93rd division lost 591 listed as killed in action, of whom 124 died of wounds. The total Negro dead from both divisions is 773, and a number of these were killed in an explosion behind the lines. And although there may have been a few isolated Negro casualties other than these, the total number of Negroes who died in action in World War I was certainly less than 900.

By way of comparison, 50,510 white American troops died in battle, or from battle wounds. In other words, Negro troops, who constituted about 8% of our armed forces in World War I, suffered less than 1/50th of the combat dead.

WORLD WAR II

In World War II the 92nd division was exposed to German fire in Italy, with about the same result as before. Altogether the 92nd division had 338 men killed in action and the 93rd division suffered 43 fatalities. These were the only Negro combat divisions which saw action, and although there were undoubtedly other Negro casualties unaccounted for here, the total number of Negroes killed in action in World War II probably did not exceed 500.

(There was a 99th Negro Fighter Squadron and the 332nd Negro Fighter Group in the Air Force. Neither seems to have suffered any casualties).

When we consider that 701,178 Negroes served in the Armed Forces during the recent war, the 500 Negroes killed in action is decidedly unimpressive, and especially in view of the more than 200,000 white troops who died in battle. Certainly these statistics—if even approximately correct—

General C. C. Ballou

At the conclusion of World War I General C. C. Ballou, wartime commander of the 92nd Negro infantry division, was ordered by the Army to submit a written report on the "...capacities, abilities, and future possibilities of the Negro soldier". He wrote "...I forgot that the average Negro is a rank coward in the dark, and I subsequently realized to the full how worthless this trait renders him in the service..."

But in spite of its adverse experience with Negro troops in both World Wars, the army has not only been forced to accept them into service, but is now compelled to integrate Negro troops into white units.

*Journal of American History, Page 23.

would not justify the exorbitant claims made by propagandists who seek to lionize the Negro soldier and make him appear to be a heroic, though abused, part of America's armed forces.

BAD FOR MORALE

The morale and effectiveness of America's armed forces can in no imaginable way be improved by the forced introduction of black troops into all-white military units. In fact, the enemies of America would like nothing better than to see our combat units saddled with great numbers of Negro troops, knowing that in the crucial moments of combat the presence of large numbers of these fearful, hysterical blacks in front-line combat units could not fail to decrease the fighting efficiency of our armed forces. Perhaps that is the main reason they are being put there.

'Integration' Is Destroying U.S. Army

SPECIAL—Congress should, and must, act at once to end the disgraceful "integration" program which even now threatens to destroy the morale and effectiveness of our entire military establishment.

The "integration" program, by way of review, was surreptitiously initiated by Harry Truman in 1948 at the behest of the trouble-making National Association for the Advancement of Colored People (NAACP), the Anti-Defamation League of B'nai B'rith, and other racist pressure groups.

The plan to place Negroes into white military units was undertaken without the consent of Congress (which would never have approved it) and it was put into operation without the knowledge of the American people—the latter accomplishment being possible through a tacit censorship arrangement with our venal press and Jewish owned radio-TV industry.

To implement his race-mixing "integration" plan, Truman appointed the alien Jewess, Anna Rosenberg, as assistant-secretary of defense in charge of manpower. From this vantage point Anna could, and did, "integrate" Negroes into all branches of the U.S. military establishment. Before her resignation in early 1953, she had managed to place Negroes into all units of the Navy, Air Force and Marine Corps, and the process was extended to include much—though not all—of the U.S. Army.

Apologists for the Truman-Eisenhower race-mixing program argue that "integration" is the only "democratic" solution to the Armed Force's Negro problem, and that to segregate Negroes is "un-American". This unique interpretation of "democracy" is, of course, largely of Jewish origin, and its absurdity is so self-evident as to hardly warrant refutation. Only a propagandist—or a dullard—would argue that the customs and traditions which our forefathers have followed since the establishment of Jamestown have all of a sudden become "un-American". . . . Nevertheless, that is one of the chief arguments now being used to justify the "integration" of Negroes into our military forces.

Another argument used by the proponents of compulsory mongrelization is that Negroes make fine and heroic soldiers (some propagandists describe them, as "magnificent fighting men"). They contend that Negroes differ in no basic respect from whites, and that by "integrating" them into white units the Armed Forces would be availing themselves of a vast reservoir of hitherto untapped fighting strength. None of these arguments will stand up under scrutiny, as the following will show.

To begin with, the Negro population does not represent a worthwhile source of military manpower. The record of Negro troops in both World Wars indicates conclusively that they are worse than useless under combat conditions

Above left: a Negro sergeant "on duty" with the U.S. Army in Europe. Above right: a bit of "integrated" recreation. Below right: a Negro MP enjoying his authority.

The photographs above bear witness to what is happening to our Armed Forces under the infamous "integration" program. The entire program is obviously patterned to achieve this result, since the very essence of the plan is to enforce absolute "equality" in all branches of the military service. This means, among other things, that white, servicemen and their families must share interracial swimming pools, housing facilities

and schools with Negroes. Inter-racial social functions are also the order of the day, and the sight of Negro officers dancing with white women at the officers' club is no longer a novelty at some military bases. . . .

All of which is scientifically calculated to promote racial mongrelization. The promoters of the program know that if whites can be compelled to take orders from Negroes, and share their bathing and eat-

ing facilities with Negroes, and educate their children with Negroes, and share an intimate social life with Negroes, then miscegenation is inevitable. And since they also know that any white serviceman daring to protest this tyranny is subject to court martial, they regard the Armed Forces, under the "integration" program, as the ideal instrument for forcibly mongrelizing America's white population. . . .

(see American Nationalist, Dec. 10, 1952). The record shows that the COMBINED Negro combat deaths in BOTH World Wars was less than 1500, including a number who died in a behind-the-lines explosion. Furthermore, the Negro record of desertion and cowardice under fire is so shameful that no newspaper publisher dares to print it. To argue that the Negro population constitutes an untapped source of military manpower is therefore unintelligent. Certainly the "integration" of hundreds of thousands of these fearful, excitable and unstable Negroidal troops into the ranks of our Armed Forces is not conducive to higher military efficiency. . . .

As to the mental capacity of Negro troops, the records of the Army are replete with evidence which shows them to be hopelessly inadequate to meet the technological demands of atomic-age warfare. While it is true that

a few Negroes (notably mulattos) possess average or even exceptional intelligence, innumerable tests have shown that the great majority fall within the dull minded category. In 1919, for example, the Army tested 5,425 draftees at Camp Lee, Virginia, in one of the largest and most comprehensive examinations of its kind ever undertaken. The results were astounding. The tests showed that

The Jewish-owned Encyclopedia Britannica confirms these findings in part on page 368, vol. 7 of its most recent issue, as follows: "The greater the admixture of white blood, the closer does the negro approach the white in performance. Intelligence tests given to large groups of whites and negroes in the American army place the negro below the white both in tests of the language and non-language variety. Several investigations have shown the negro to be more overtly emotional and less inhibited in his reactions than the white".

whereas 13.4% of the white draftees possessed the mental potential required of officers, only .6%

(less than 1%) of the Negroes fell into that category.

On the other hand, 56% of the Negroes fell into the dull or feeble minded classification, as opposed to only 11% of the whites in that bracket. These results, which have been substantiated by innumerable other tests both in and out of the Army, hardly bear out the propaganda claims of those who insist that Negroes possess the same intellectual capacity as whites. . . .

CONCLUSION: While the integration of vast numbers of Negroidal troops into the Armed Forces cannot fail to reduce the moral tone and fighting efficiency of our military establishment, that is not the only consideration involved. It should also be remembered that our military establishment still remains predominantly white, and that the white majority is also entitled to certain rights. And while we can justify the drafting of our youth into military service as a necessary defense measure, there can be no justification whatever for compelling them to serve under Negro sergeants. Neither is there justification for forcing the families of married servicemen to share recreational, housing and educational facilities with Negroes. Congress must decide, and soon, as to whether we should keep the draft—or the integration program. To keep them both—to force white draftees to serve under Negro sergeants—is tyranny! Congress should outlaw the integration program now!

ANNA ROSENBERG'S PENTAGON ASSIGNMENT

ANNA ROSENBERG
Her mission was to mongrelize the nation's Armed Forces.

Although her appointment was the subject of heated controversy, the real purpose behind Anna Rosenberg's choice as head of the Defense Department's manpower section several years ago was never clearly understood, even by her opponents. Anna's real mission was to "integrate" the Armed Forces; a program first begun by Harry Truman in 1948. Incredible as it sounds, she was able to carry this highly explosive project to completion without a word of public controversy being heard. She accomplished this with the connivance of the major wire services, who agreed to "sit" on the story for more than two years. Only after the Armed Forces were completely "integrated" was the public let in on the secret.

SUPREME COURT'S RED RECORD HIT

Jews Discriminate Equally Against Whites & Negroes

SPECIAL—No one who has observed the workings of organized Jewry in this country can escape the conclusion that Jews persistently pursue and advocate what amounts to a double standard for Jews and non-Jews—a double standard under which they regularly arrogate for themselves a code of conduct which they bitterly condemn in others. It is a paradoxical fact that the more guilty the Jews are of a certain practice, the more vociferous they are in denouncing others for the same offense.

Thus, no group in all America is more critical of the white Christian majority for its "racial prejudice," for its "religious bigotry" or its "narrow nationalism" than organized Jewry. Yet no group practices racial discrimination and religious bigotry more ardently than the Jews; no group is more fanatically and rabidly nationalistic than they.

The matter of racial integration is a case in question. Jewish organizations are ever in the forefront of the fight to destroy all racial barriers against race mixing in the schools, in the churches, at the altar and elsewhere. Professional propaganda organizations such as the Anti-Defamation League of B'nai B'rith, the Ameri-

U.S. Navy Stuck With Yiddish Martyr Again

WASHINGTON, D.C.—Last month a young naval commander from Tennessee by the name of Wm. R. Anderson made headline news when he piloted the U.S. submarine, Nautilus, under the north pole for the first time in history. The feat, opened a new vista in naval strategy, if indeed it did not revolutionize it, by proving that atomic powered submarines lurking undetected beneath the polar ices can reach almost any part of Soviet Russia with hydrogen or atomic warheads.

By any standard Cmdr. Anderson's accomplishment was a monu-

(Continued Page 3, Column 1)

In a highly significant shift of strategy, the Eisenhower administration has apparently decided against the use of Federal troops to enforce racial integration in Southern schools for the time being. Instead, specially deputized Federal marshals in plainclothes, will probably be used, along with the FBI. The plan is to arrest or coerce opponents of compulsory integration quietly—as was done at Hoxie, Ark., Clinton, Tenn., and elsewhere. The tactic is a favorite one in Iron Curtain countries, where a knock on the door at midnight is deemed much more effective than a raw display of force...

"Black Supremacy"

WASHINGTON, D.C.—The radical "civil rights" division of the justice department is now attempting to dictate how a Southern state shall conduct its own elections. The move, which was announced on Sept. 4th, came only a few days after Congress had adjourned. It marks the first time the justice department has attempted to interfere with local election procedures since Congress enacted the so-called "Civil Rights" bill in 1957. Selected for the test case is Terrell County, Georgia, which has almost twice as many Negroes as whites. The action is interpreted as an attempt to defranchise millions of white voters by turning Southern polls over to Negro control, thereby replacing "white supremacy" with "black supremacy"...

Senator Eastland Assails Warren Court's Communist-Aiding Record In Smashing New Senate Exposure

WASHINGTON, D.C.—In one of the most smashing attacks ever delivered against the Supreme Court, Senator James O. Eastland in a Senate speech last month (July 10) revealed just how red the nation's highest tribunal has become since Earl Warren assumed control 4½ years ago. With methodical care Senator Eastland broke down the Supreme Court's record of decisions affecting the Communist Party since its formation in 1919. The pattern he revealed was nothing short of frightening.

Senator Eastland's investigation showed that since 1919 the Supreme Court had rendered 84 decisions affecting the Communist Party in one way or another. Forty five of these cases were ruled on in the 34 year period between 1919 and 1953, while an incredible total of 39 have been decided during the 4½ years Earl Warren has been chief justice.

As Senator Eastland pointed out, the very fact that the Warren Court consented to hear so many cases involving the CP is extremely significant, but even more shocking was the way the decisions went.

The record shows that the pre-Warren Supreme Courts ruled 26 times against the Communist Party—and 19 times in favor of it. But the Warren Court has rendered no less than 30 decisions favorable to the Communists, and only nine unfavorable ones. In short, Earl Warren & Co. have actually handed down more decisions favorable to the Communists

Rabbis Demand Schools Abandon Christmas

MIAMI BEACH—U.S. Jews want America's public schools to abandon the observance of Christmas and other Christian holidays—and they want official government recognition of Saturday as the Jewish sabbath. The Rabbinical Council of America made these demands known last month at a convention in Miami Beach attended by 500 Orthodox rabbis.

The Rabbinical Council—largest rabbinical organization in the world—demanded among other things that... "the American military establishment give full legal and social recognition to the Sabbath as a holy day of religious significance for Jews." The Rabbinical Council also recommended that... "all private and government supported colleges and universities permit Orthodox students to be excused from taking course examinations on Saturdays and the Jewish holidays."

Striking out against the observance of Christmas and Easter in the public schools, the Council also demanded that... "all religious holiday observances in the public schools be discontinued. These joint holiday celebrations," moaned the rabbis, "violate the outstanding American principle of separation of Church and state."

The 500 rabbis in attendance also: 1) heard an address by Yaakov Herzog, son of Israel's chief rabbi and plenipotentiary of the state of Israel; 2) criticized the Federal District Court in Little Rock for delaying the integration of Central High School there; 3) condemned the playing of bingo and other games of chance in the synagogues...

Urban League Spearheads Race War With Community Chest Funds

NEW YORK—Next to the National Association for the Advancement of Colored People (NAACP), the most active apparatus in America attempting to force compulsory mongrelization upon this nation is the organization known as the Urban League. Because the more radical NAACP usually seizes the headlines, little if any attention has been given the Urban League's activities, which are actually conducted on as large a scale, and are just as damaging as those of the NAACP. In truth the Urban League's goals, if not its tactics, are identical in every way with those of the NAACP.

A typical example of how the Urban League works came to light last month in New York City, which earlier this year (April) adopted legislation making it a crime for multiple dwelling and apartment house owners to refuse to rent or sell to Negroes.

What the Urban League did was to compile a list of some 93 large

Racial Agitation Laid To Churchmen

Presbyterians Produce Propaganda Movie

PHILADELPHIA—From their behavior it is sometimes difficult to determine whether the social actionists at Presbyterian headquarters in Philadelphia are concerned with the propagation of the Christian religion, or whether they are more devoted to the task of popularizing their own brand of political and social doctrine. The evidence strongly suggests, however, that politics is their primary interest, even though they are careful to sugar coat their activities with a protective veneer of pseudo-Christianity.

The latter tactic is not always easy to see through. Whatever they favor, be it federal aid to education, more racial integration, an increased foreign loan to India or some other equally partisan project, they invariably claim the objective in question as a "Christian goal," and thus deserving of the support of every Christian... An approach like that is hard to get around, especially when presented from the pulpit on a Sunday morning—or in church literature.

The fact remains, however, that considerable sums of Presbyterian church funds are being diverted for purposes of outright political agitation, and church money is being used in support of projects, organizations and causes which the average member of the Presbyterian church would not support of his own free will.

Last year, to cite an example, the head of the Presbyterian hierarchy, Eugene Carson Blake, allocated the sum of \$10,000 in Presbyterian funds to "underwrite" the legal expenses of the National Association for the Advancement of Colored People (NAACP) in South Carolina in one of the most flagrant and inexcusable displays of political meddling ever recorded. Blake's excuse was that NAACP leaders were being "persecuted" in the South by "bigots," and that Presbyterian intervention

(and funds) was necessary to keep them from being imprisoned... In support of this stand the official organ of Presbyterianism, "Presbyterian Life," ran a sob story describing the sad plight of the NAACP in the South, which it described as "essentially" a Christian organization; and ended up with a plea for contributions to support the NAACP martyrs...

That's a little hard to believe, but the details are to be found in the January 5th, 1957, issue of "Presbyterian Life"—generously larded with sanctimony, of course.

Nor is that the only case where left wing social actionists at Presbyterian headquarters have been caught with their political pants down. Later in 1957 (in December) the official publishing house of the Presbyterian church, Westminster Press, printed a book authored by the renegade Communist churchman, Joseph Hromadka. Since Hromadka's reputation as a Communist apologist is universal-

Benjamin Mays has a long and well documented record of affiliations and associations with Communist-front organizations. He served as "technical advisor" for the Presbyterian produced propaganda film, "Face of the South".

ly known in church circles (a fact admitted by "Presbyterian Life" in reviewing his book) there can be no question of an innocent mistake in this instance: the Presbyterian hierarchy deliberately and intentionally published a book

sell to them. New York law calls for the fining or imprisonment of any property owner refusing to rent to coloreds, or of any home owner who refuses to sell to them.

Although the most probable result of the Urban League's attempt to seed New York City's remaining white areas with trouble making Negro "block-busters" will be to hasten the exodus of whites from the already stricken city, the tactic provides a graphic illustration of what the organization is doing, and how it works.

This is a point worth noting, because the Urban League derives much of its financial support from Community Chest and United Fund Drives throughout the country—as a "charitable" organization. In other words, money which Americans contribute toward the support of charity through their Community Chest is being divert-

This is Joseph Hromadka, the Communist "theologian" who received the \$25,000 "Lenin Peace Prize" from the Kremlin earlier this year in recognition of his services to Communism. Notwithstanding his nauseous reputation as a mouthpiece for Communism, however, the Presbyterian hierarchy in Phila-

delphia has published, and is currently distributing, Hromadka's newest book, "Theology Between Yesterday and Tomorrow". It's a typical example of how Presbyterian church funds and facilities are being diverted to spread and propagate political doctrine instead of Christianity.

written by a Communist...

Barely six months later, on May 29th of this year, the Kremlin bestowed its highest award, the \$25,000 "Stalin Peace Prize" (now dubbed the "Lenin Peace Prize") upon comrade Hromadka in recognition of his services to world Communism. Even so, Presbyterian book stores and Westminster Press are continuing to sell Hromadka's book, "Theology Between Yesterday and Tomorrow," as though nothing had happened...

Perhaps, though, they were too engrossed in their latest propaganda venture to notice. For now another sordid chapter in the Presbyterian church's disgraceful program of social action has been revealed. This time it is a propaganda motion picture. The film is entitled: "Face of the South" and it purports to explain the race problem in the South—from a pro-integration standpoint, of course.

"Face of the South" comes as near being a total propaganda production as any picture could be. To begin with, it was financed with money put up by the notorious Ford Foundation's "Fund for the Republic"—which is a dead

giveaway in itself. The picture was produced as a joint venture of the Presbyterian Church (USA) and the National Council of Churches.

Narrating the film is George Sinclair Mitchell, for ten years director of the Communist-tinged Southern Regional Council—which serves virtually as an arm of the NAACP in the fight to force racial mongrelization upon the South. Serving as technical advisors for the picture are H. B. Sissel and Benjamin Mays.

Who is Benjamin Mays? It just so happens that he is a Board Director of the National Association for the Advancement of Colored People (NAACP), and it also happens that he has been cited as a member of no less than six Communist-front organizations, including the Communist "Civil Rights Congress," by the House Committee on Un-American Activities.

Here, then, we have a Presbyterian-produced picture on race relations which is financed by the "Fund for the Republic," which is narrated by a director of the pro-Communist "Southern Regional

URBAN LEAGUE

apartment house developments throughout the city—virtually all occupied by whites. The list, complete with the addresses and telephone numbers of rental agents, was made available to New York Negroes from the Urban League's headquarters at 204 West 136th St. Also available was a list of 45 housing developments in New York, Long Island and New Jersey where private homes are being offered for sale.

The Urban League's obvious purpose, of course, was to incite and encourage Negroes to fan out through the New York City area into all-white residential districts, using the city's recently enacted "anti-discrimination" housing law as a bludgeon to coerce apartment house and home owners to rent or

ed to support the Urban League, whose one and only function is to force racial "integration" upon the American people.

At least two cities in the South have forced their Community Chests to drop the Urban League from their rolls. The example is one which other cities should promptly follow. As it stands now, every time you contribute to the Community Chest, a part of it goes to the Urban League, which is working night and day to force Negroes into your neighborhood, schools, swimming pools and churches as a part of its "integration" program.

NOTE: Aside from its support of the Urban League, there are other reasons why Americans should give a second thought before contributing to the Community Chest. In Los Angeles, for example, more than 20 Jewish or-

ganizations are recipients of Community Chest subsidies—notwithstanding the fact that United Jewish Appeal raises almost as much annually in southern California as the "Community Chest." Numerous other groups, including several interracial projects, also get Community Chest funds. The long and the short of it is that Americans are, through the Community Chest, being conned into giving money for the support of groups which they would not ordinarily support on their own merits, and which often they are opposed to. In that sense the Community Chest has become a fraud and a fund raising front. It is obviously time for a house cleaning. Most certainly no one who is opposed to compulsory racial mongrelization should give to the Community Chest until the Urban League is dropped from its rolls.

Rickover Is Badly Abused By Navy

(Continued from Page 1)

mental one, and in the first flush of excitement there were some who predicted he would someday be ranked with Admirals Byrd and Perry as one of the great explorers in Navy history. Others compared the exploit with that of Charles Lindberg's history-making and trail blazing flight over the Atlantic 30 years ago.

For a brief moment, anyway, young Cmdr. Anderson did enjoy a hero's reward. Flown in from Iceland by plane and helicopter, he was awarded the coveted Legion of Merit by President Eisenhower himself. Present at the White House ceremony (in addition to some 75 newsmen) were high ranking members of the Atomic Energy Commission and top commanders of the Navy and Defense Department. It was in truth a moment of glory for young Cmdr. Anderson, and one he fully deserved.

But the ink was hardly dry on the headlines when a note of discord set in and a new name, that of Hyman Rickover, began to replace that of Anderson in Washington news dispatches. Before the week was over Cmdr. Anderson's name had all but disappeared from the news and the Rickover story was front page copy.

It all began when Yiddish newspaper men at the White House ceremony, and their Gentile claque of sycophants, noticed that Hyman Rickover had not been invited to share in Anderson's honors. In fact, they discovered to their horror, he had not even been invited to the function. This, shrieked the Washington press corps, was an affront and an insult to the "father of the atomic submarine"—another example of "bigotry" and "discrimination" by Navy brass. Taking up the cry in Congress a bleeding heart group of Senators demanded the Navy award Rickover a special gold medal for his submarine work.

Appalled by the synthetic storm of public indignation thus generated, the Navy quickly "apologized" to Rickover for not inviting him to the White House affair, explaining that its . . . "preoccupation with the operational significance of . . . our fleet" had caused Rickover to be left out. Navy and White House attaches also took pains to point out to newsmen that only a few high ranking officers attended the White House function for Anderson, and that lack of space precluded a large invitation list.

All of which was to little avail. By this time the Hearst press was in full bray with a series of "exclusive" reports on the Navy's "snub" to Rickover, and the wire services avidly fed similar material to the rest of the nation's press. Hearst reporters soon discovered that not only was Hymie Rickover being "discriminated" against, but his suffering wife was also being shamefully abused.

Her complaint, it turned out, was that she had been passed over for the honor of christening the giant submarine, "Triton,"

launched last month in Groton, Mass. What is more, she shrieked, she had been similarly ignored on eight previous occasions. This, she averred, was rank "discrimination" by Navy higher ups, whom she waspishly assailed for their "bright and smiling smugness." They were, she told reporters, "stupid windbags" who were determined to . . . "hurt my husband for his free and independent spirit."

Hastily Navy officials acted to mollify Mrs. Rickover. She would, they announced wearily, be permitted to christen a submarine in the very near future . . .

Even that did not settle the furor, because now the chant went up that Rickover, who is 53, will soon be up for automatic retirement because a Navy selection board has failed to recommend

Hyman Rickover, a pushing little Russian-Jew, always manages to pose as a martyr—even when stealing another man's glory.

him for promotion to vice admiral. "Two promotion boards," screamed the Jew-catering Hearst press, "have passed over Rickover in selecting new vice admirals . . . Senator Clinton P. Anderson, one of Rickover's principal congressional supporters . . . suggested last night that Congress intervene and promote Rickover by special legislation."

So the Rickover controversy continued. And although young Cmdr. Anderson, whose appearance at the White House had set off the big fuss, was all but forgotten in the melee, there was every reason to believe that the affair of Hyman Rickover would continue to give the Navy trouble for a long time—especially if it fails to promote him to vice admiral within the coming year.

All of which leaves unanswered the question of just why Hyman Rickover, the so-called "father of the atomic submarine," was snubbed in the first place. Also hanging is the question of why such a valuable man is being automatically retired because of age—unless Congress intervenes.

For the answer to these questions it is first of all necessary to penetrate the air of Jewish hysteria and propaganda which has surrounded the case thus far. To begin with, the claim that Rickover was slighted and "snubbed" is completely without foundation. The Navy and defense officials who gathered at the White House last Aug. 8th were not there to

Eisenhower kicked up a storm of Yiddish indignation when he pinned this Navy decoration on young Cmdr. Anderson. The ceremony, which was attended by high ranking Navy and Defense Dept. officials, was held at the White House in recognition of Cmdr. Anderson's historic voyage under the North Pole as captain of the submarine, Nautilus. Although the affair was strictly in honor of

honor the atomic submarine, its maker, designer, builder or "father." They were there solely to commemorate the heroic achievement of Cmdr. Anderson in piloting the first submarine under the north pole. The Navy's failure to invite Rickover to the ceremony was hardly a slight under the circumstances. If it was a snub, then the Wright brothers, who invented the airplane, were also snubbed because no one invited them to share in Lindberg's glory back in 1928 . . .

A number of other misconceptions concerning Rickover likewise need to be set to rest. His designation as the "father of the atomic submarine," for instance, is in itself a fraud. The fact is that Rickover, a pushing, ambitious little Russian Jew, managed to insinuate himself into control of the Navy's atomic submarine division through his Jewish connections with the Atomic Energy Commission shortly after the end of the war—before the Navy realized what was happening. Ever since they have been trying to ease him out.

The claim that Rickover is solely responsible for the atom sub, and that except for him the Navy would never have developed a nuclear powered submarine, is on its face ludicrous. The U.S. Navy has been building ships of every description for almost 200 years. It builds equipment ranging all the way from aircraft carriers to guided missiles to submarines to electronic radar. To argue that the Navy would not have, and could not have, built an atom submarine without Rickover's "guiding genius" is a farce and a joke, and no one who knows anything about it takes the claim seriously. Nevertheless the public is constantly deluged with propaganda to the effect that save for Rickover, our stupid Naval chiefs would never have gotten around to building atomic submarines at all . . .

As for the claim that Navy "prejudice" is forcing Rickover's

retirement by refusing to promote him to the rank of vice admiral: the same situation came up 3 years ago. Then Rickover, a captain, was slated for compulsory retirement because the Navy was reluctant to promote him to the rank of rear admiral—claiming that he lacked the personal and professional qualifications for the position. Then, as now, such a howl went up from the Jew-controlled section of the commercial press that Congress stepped into the picture, held up the promotions of other Naval officers until Rickover's case could be considered. The outcome was that the then secretary of the Navy, Anderson, appointed a specially instructed Naval review board whose sole function was to promote Rickover. That's how he got to be rear admiral. Now, through a similar propaganda and pressure campaign, they are striving to elevate "Hymie" to the rank of vice admiral. That, in brief, is the story behind the hassle over the Rickover "snub."

As for the Navy's alleged "snub" of Rickover's wife: she has no more claim to the honor of christening a ship than scores of other Navy wives, many of whom have lost husbands and sons at sea in Navy service. Now, to satisfy her petty and selfish vanity, some Navy mother or widow will have to step aside so Mrs. Rickover can have her moment of glory . . .

All in all it's a pretty sordid little mess. It's a sad situation indeed when a hero of Cmdr. Anderson's stature cannot be decorated without wounding the vanity and ambition of some dinky little Yiddish armchair commando of Rickover's stripe. He ought to be thrown out of the service on his ear, and if the top Navy commanders had their way, that's precisely what would happen . . .

DOUBLE STANDARD

(Continued From Page 1)

can Jewish Committee (AJC), the American Jewish Congress and others expend millions of dollars annually (the ADL-AJC yearly budget alone is \$5,000,000.00) to promote racial "tolerance," and to encourage the admixture of the races.

They can do all these things because the Christian majority, not they, bear the consequences. They can and do, for example, strenuously advocate racial integration in the churches, safe in the knowledge that while there are vast numbers of Protestant and Catholic Negroes, there are few if any colored Jews. They have no fear, in other words, of having their own synagogues swamped with Negroes. The same applies to interracial marriages, which Jewry is seeking to popularize with increasing fervor in the movies, on TV and by other means at their disposal. The catch is that no matter how much Jewish children are exposed to Negroes in the schools, on the playgrounds and elsewhere, they are in little danger of intermarrying with them. The reason is that Jews teach their children from babyhood that it is a sin and a disgrace to marry any non-Jew, black OR white... In brief, when organized Jewry beats the drums for unrestricted integration and the total mixing of the races, they are doing it for the benefit of the Gentiles, not themselves. They have no intention whatever of practicing what they preach. Their double standard protects them from the consequences of their own propaganda.

As for the question of nationalism, Jewish propagandists have made the term a nasty word in many circles, with the result that millions of Americans shy away from any display of love of country which might be interpreted as a show of "jingoism" or "super-patriotism." The Jews feel perfectly safe in diluting and undermining the patriotism of the Christian masses without any ill effect to themselves for the simple reason that they have no loyalty for America anyway; their allegiance is to Israel.

And so it goes. The most active advocates of "tolerance" are themselves the least tolerant; the most avid critics of bigotry and prejudice are themselves the most prejudiced and bigoted.

The situation demands immediate correction. For this nation to permit a small minority of rabid racists and Jewish extremists to destroy the very concept of patriotism, race and national pride among white Christian Americans is not a manifestation of tolerance on our part; it is national suicide, and can only lead to our ultimate destruction.

Press Report

SPECIAL—A survey by the authoritative U. S. News & World Report (Sept. 5th issue) reveals that school integration will make very little headway this coming year, the Supreme Court notwithstanding. According to the evidence, there may actually be less race mixing in the schools this year than last term, since tens of thousands of white pupils in Washington, D.C., Baltimore and other northern cities are fleeing to the still segregated suburbs to escape integration. Seven states in the deep South have no mixed schools at all. Several others have only token integration (i.e. N. Carolina has integrated 4 Negroes, Tennessee 33, Arkansas less than 100.)

LOS ANGELES—In California Senator Wm. (turncoat) Knowland, who more than any other man in the U.S. Senate was responsible for ramming the vicious "civil rights" bill through Congress last year, faces the prospect of an ignominious defeat in his race for the governorship come November. His sponsorship of the "civil rights" bill, his advocacy of Hawaiian statehood, his acceptance of the B'nai B'rith civil rights award (on behalf of the Senate) and other compromising behavior has alienated most of his extreme rightwing support. Some 400,000 Republicans voted for his opponent in the primary...

TEL AVIV—A debate in the Israeli Knesset (Parliament) broke out last month over the fact that 145,000 Jews (almost 10% of the Jewish population) have emigrated to other countries since 1948. Israel's economy, which is more thoroughly Communized than that of Soviet Russia, is reportedly driving many young Jews to seek better opportunities in the capitalistic Gentile countries...

LONDON—The recent outbreak of racial violence in England (one incident involving an estimated 2,000 persons) underscores the fact that Englishmen, like some Americans, find racial "tolerance" easier to preach than to practice. The flareups occurred as a consequence of large scale Negro immigration into England—100,000 within the last five years or so. Before that very few Britishers had ever had contact with Negroes...

WASHINGTON, D.C.—When Ralph Flanders (Vt.) rose on the floor of the U. S. Senate a few weeks ago to demand an investigation of the tax-exempt status of Israeli fund raising groups in this country (particularly of United Jewish Appeal) no one denounced him more bitterly than Senator Paul Douglas, notorious for his pro-Negro, pro-Jewish bias—and for his militant advocacy of everything that is left wing and "liberal"... Last month Paul Douglas's daughter, Jean, married a Jew from Israel. And the ironic thing about it was that the marriage had to be performed in this country—because the state of Israel does not permit Jews to marry non-Jews. Furthermore, unless Douglas's daughter is converted to Judaism, the Israeli government will regard her children as "illegitimate"—as it does all children born of "mixed" marriages...

Eastland proceeded to give a breakdown of the individual voting records of the various Supreme Court justices. "Hugo Black," observed Eastland bitterly, "participated in a total of 71 cases and his batting average is an even 1,000. Seventy-one times he voted to sustain the position advocated by the Communists, and not one vote or one case did he decide to the contrary."

Almost as bad is the record of Justice Wm. O. Douglas, who has rendered 66 pro-Communist decisions—and 3 anti-Communist ones.

Felix Frankfurter has voted for the Communists 56 times—and against them 16 times.

Earl Warren, in a brief 4½ years, has decided for the Communists 36 times, and against them only 3 times.

Justice Brennan, who like Warren is an Eisenhower appointee,

has decided 18 to 2 in favor of the Communists...

Summing up his case against the Supreme Court, Senator Eastland bitingly observed that... "the one area where there seems to be some predictability with respect to the Warren court's action is where cases involve the interests of the world Communist conspiracy and its arm in this country, the Communist Party, U.S.A."

"When delay is necessary to help the Communist cause, the Court delays"...

"When suppression would help the Communist cause, the Court has suppressed"...

"When pre-emption would help the Communist cause, the Court has pre-empted"...

"When invention would help the Communist cause, the Court has invented"...

"When misstatement would help

the Communist cause, the Court has misstated"...

So declared James O. Eastland, chairman of the Communist-fighting Internal Security Committee, and one of the truly great members of the U.S. Congress. Neither the man nor his words should be taken lightly...

The Supreme Court should be curbed.

Council," and which has as one of its technical advisors an official of the NAACP who has six Communist-front affiliations to his credit. Such a picture is "Face of the South," which is being peddled to Presbyterian churches as a "Christian work" on race relations in the South...

SUMMARY: The pattern revealed here did not evolve by chance or accident. Granted that a church organization might occasionally slip up by aligning itself with a questionable group, or by supporting an objective of doubtful merit. But when within the period of one year we find the Presbyterian leadership: 1) providing funds for the NAACP and otherwise supporting its program; 2) publishing and distributing a book by a known Communist collaborator; 3) Producing a propaganda film such as "Face in the South" in collaboration with Benjamin Mays et al, then the conclusion is too obvious to ignore. Someone at Presbyterian headquarters in Philadelphia is more interested in promoting left-wing social and political doctrines than the Christian religion—and they are using church money and facilities to do it with...

Still to be answered is the question of just how long the Presbyterian laity is going to put up with that sort of nonsense.

✓ The August issue of the **WHITE SENTINEL** (editor: Helen Wolf) carried an excellent expose of Frank Sinatra and his pro-Communist affiliations, including an account of Frankie's appearance before the House Committee on Un-American Activities in 1947. Sinatra's current picture, which he helped finance and produce, is the vicious "Kings Go Forth." In it Frankie attempts to popularize inter-racial romance...

✓ In Los Angeles Gerald L. K. Smith has performed a notable service by reprinting Henry Ford's famous book, "The International Jew." Our kept commercial press is careful never to mention it; but Henry Ford was "anti-Semitic" and spent considerable sums of money in exposing organized Jewry. These exposures were printed in the Ford-owned Dearborn Independent, and were distributed by Ford dealers from coast to coast. Later Ford had them printed in book form under the title "The International Jew"...

Long suppressed by organized Jewry the book was virtually unobtainable until Gerald Smith undertook to reprint it.

Obviously relishing integration, these northern Negroes have already taken white wives.

The pictures shown here should be of particular pride to the rabid advocates of racial integration and inter-racial "brotherhood," for they illustrate the ultimate of integration. This is what NAACP agitators have in mind when they boast that eventually the . . . "race problem will be solved in the bedroom." This, too, is what the Ford Foundation, the National Council of Churches, the National Conference of Christians and Jews and other professional race-mixing agencies are preparing YOUR children for. They may talk piously about the "brotherhood of man and the fatherhood of God," but these pictures show what they really want . . .

Fight Over Christmas In Schools Flares Into Anti-Semitic Cross Burnings

SIERRA MADRE, Cal. (NJP)—A raging fight over religion in the public schools, which was marked by a cross-burning and the dissemination of anti-Jewish tracts, was brought to light this week.

Milton A. Senn, region Anti-Defamation League director, told the story.

THE CONFLICT began when the local school board voted in January to ban Nativity Plays and New Testament Christmas readings at the request of Mr. and Mrs. George Roanes, parents of three school children.

Ensuing events almost made a shambles of Brotherhood month. At a P-TA emergency meeting charges of an "international conspiracy" of the "anti-Christ" were voiced and anti-Jewish material produced by the Keep America Committee and Henry D. Allen, erstwhile Silver Shirt organizer, were distributed.

The Roanes, one of perhaps 12 Jewish families in this community of less than 10,000, were plagued by numerous telephone callers, most of whom hissed vile and abusive names at them.

The Ministerial Association joined in, and accused the Board of "hasty" action, and urged it to restudy its policy.

DESPAIRS OF ATTACK ON XMAS IN SCHOOL

NEWARK, N.J. (NJP)—The public school's Christmas program is "clearly one of religious indoctrination," the most successful course is to convince school authorities privately that the program should be modified. Celebrations which recognize Hanuka, the committee said, tend to complicate the problem by introducing more rather than less religious observances into the schools.

It also contends that Hanuka or joint Hanuka-Christmas celebrations "are not the solution and should not be encouraged." According to its report, distributed in mimeographed sheets to member groups, the committee finds that where a

principle through the introduction of Jewish religious observances," the report stated.

Where a Christmas-Hanuka program has been the regular practice in a school, the committee says, efforts should be directed toward "making sure the program is not a sectarian or credal observance, but rather a contribution to teaching the children about various religions."

JEWISH CHILDREN have a right, the committee advises, to refrain from participating in religious holiday observances in public schools.

mas in our public schools should be known to all Americans.

- 1) Most Jewish organizations make no attempt to interfere with Christmas programs during the Christmas season, but work during the rest of the year (often in the summer) to quietly put pressure on school officials to abandon or modify their Christmas plans for the coming year...
- 2) The Jews do not object to the use of Christmas trees and Santa Claus in Christmas programs, nor to the singing of "folk songs" such as "Jingle Bells" or "Rudolph the Red-nosed Reindeer", but are fanatically determined that the Christmas story as such shall not be told. They are also opposed to the singing of such songs as "Silent Night" and others with a religious content. Above all the manger scene, or anything to do with the Nativity, is taboo...
- 3) They are already so successful with this campaign that many schools all over America are quietly watering down, or abandoning altogether, the traditional observance of Christmas as we know it. ACT NOW! Check to see if they have imposed a Christ-less, "Kosher-style" Christmas upon your local school this year!

As the above clippings indicate, organized Jewry is conducting a fanatic campaign to outlaw the observance of Christmas in our public schools. One clipping describes an incident in Sierra Madre, California, where the Jews succeeded in having the traditional Christmas program outlawed, though only after a fight.

The other clipping carries a warning to Jewish groups against making "public frontal attacks" against Christmas programs in public schools. The most successful course", cautions the item, "is to convince school authorities privately that the program should be modified".

These clippings (both were taken from the National Jewish Post & Opinion) illustrate a development which very few Christian-Americans are even aware of, and hence are incapable of dealing with. It is therefore imperative that the following details and facts concerning the Jewish assault upon the observance of Christ-

Dear Mr. Hoover:

I have become increasingly concerned at the amount of mail similar to the enclosed which I have been receiving the past two years from Los Angeles and Phoenix areas.

I realize that this may be out of your province but I am hoping that this may prompt you to forward it to the proper agency and that it may also prompt you to write an article on it similar to those fine articles you have written recently on juvenile problems.

I am fully aware that free expression is an important legacy we have here in America but some of this material appears to have been concocted in a deliberate divisive atmosphere to undermine persons more susceptible.

Yours very truly,

A series of five articles appeared in the "New York Daily News" from 1/20-24/59 written by David Burk entitled "Peddling Hate in America: Egypt's Nasser." In these articles Burk accuses the Arabs (particularly President Nasser of the United Arab Republic) for fomenting much of anti-Jewish acts perpetrated by hate groups in United States by alleging anti-Jewish literature prepared by the Arabs has been given to Americans active in racist and hate campaigns for distribution. The articles further point out that some of these racists have been in contact with Arab officials and establishments in this country and some of their publications have contained pro-Nasser propaganda, the implication being that such propaganda was furnished by the Arabs. One Photostat each of these articles is enclosed for the use of each recipient office.

These articles specifically name certain persons as being leaders of a hate corps acting in behalf of President Nasser of the United Arab Republic in spreading anti-Jewish literature in this country through their publications or their activities. The names of these individuals together with the identities of the offices of origin of investigation concerning them or their publications are:

In order to ascertain the extent of Arab participation
and influence in the distribution of hate literature in the
United States, a file has been opened bearing instant caption.
Each office is instructed to make a complete and thorough
review of its files concerning the above individuals and
publications published by those persons located in their
respective divisions in order to locate all information
which may indicate Arab influence, associations or connection
in any way with above persons or their publications. You
should be particularly alert for any information indicating
that articles prepared by the Arabs or constituting Arab
propaganda are published in any of the publications. You
should also be alert for all information showing contacts on
the part of the above-mentioned racists with Arab officials
or diplomatic establishments in the United States. In
addition to a thorough file review, you should also contact
established sources and informants for any information they
may have in this regard. All leads developed therefrom
should be afforded thorough and intensive investigation. The
results of your efforts in connection with above should be
set forth in detail, properly documented as to source, in
report form under instant caption and submitted within 30
days from receipt of this letter.

Object of this file is to compile a complete
picture of this particular situation and to effect a definite
separation of this investigation, for report purposes, from
any past or present investigations of these individuals, their
organizations and their publications. This will eliminate
reporting of extraneous data in connection with this case.
The New York Office is designated as office of origin.

Reports in this case should be designed to provide a well-documented picture of the background of the individual involved, the nature and extent of his participation in distribution of hate literature, the allegations in the news articles indicating his connections or associations with the Arabs, any prior data available in files on this point, and results of investigation to determine extent of participation and influence in or control of his activities by Arabs. Reports should be planned and coordinated so that Newark Office report, for example, will be restricted to data regarding Conde McGinley. In some offices several individuals will be involved and report should be broken down according to individuals. All offices should bear in mind in connection with interviews conducted as to whether persons being interviewed can furnish information regarding individuals in other offices and promptly furnish such data to appropriate field offices for inclusion in reports prepared by them.

In the event recipient offices are aware of other individuals or publications which allegedly are being used by or cooperating with Arabs in distributing hate literature, such information should also be set forth in these reports.

In any instance where data is developed or available indicating possibility of Registration Act violation separate cases should be opened promptly aimed at obtaining evidence and the investigation should be given continuous and preferred attention. Bureau should be advised immediately when case is opened. Concise summary of data developed in such individual case, carefully documented as to source, should also be reported in this control file.

With regard to the individuals mentioned as racists in the "New York Daily News" articles as set forth above, the recipient offices may confine their file reviews to those persons and publications located in their respective divisions with the exception of the Washington Field Office and New York Office. The latter two offices are instructed to review their files and contact appropriate sources concerning each of those individuals and publications inasmuch as Arabic diplomatic establishments with which those persons may have been in contact are located in Washington, D. C., and New York City. In addition, WFO and New York should thoroughly

SYNAGOGUE BOMBINGS A FRAUD

Freedom Of Press Imperilled By New Censorship Drive

SPECIAL—It has long been the ambition of organized Jewry to circumvent the Bill of Rights in such a way as to deny freedom of press to any publication which dares in any way to criticize Jews. Numerous attempts have been made by Jewish members of Congress to introduce legislation to this end, and the Yiddish Senator from New York, Jacob Javits, has been particularly zealous in his attempts to find some way to stem the flow of "anti-Semitic" literature from the U. S. mails. Invariably these attempts failed, due in large part to the prohibition which the Constitution places against any restriction on the press.

Unfortunately, as an aftermath of the synagogue bombings in the South in recent months—which from the evidence was a put-up job by Jewish extremists—the campaign to suppress "hate" literature has been vastly intensified. (By Jewish definition, of course, any criticism of Jews or Negroes is automatically classified as "hate" material).

The Postal Department, for example, has already taken preliminary steps to assert its authority to bar "anti-Semitic" publications by placing certain restraints upon the newspaper, COMMON SENSE, published in New Jersey. The Postal Department has not actually banned the periodical, but according to COMMON SENSE editor, Conde McGinley, the local post office in Union, N. J., has received instructions to "hold" each issue of the paper until it is "approved" by officials in Washington. The implication, of course, is that COMMON SENSE or any other Nationalist periodical can be denied access to the mails if it prints anything not to the liking of the integration crowd in Washington.

Meanwhile, there is every indication that the forthcoming session of Congress will be under very heavy pressure to pass the kind of discriminatory legislation Jewish pressure groups have been advocating for many years. For one, public opinion has been thoroughly

(Continued Page 4, Column 1)

Pictures like the above, showing the bombed Atlanta Jewish temple, appeared in hundreds of newspapers from coast to coast. Damage, the public was told, amounted to \$200,000. In reality it was only \$30,000 (all insured) and the blast area was confined to one room, a corridor and a

15 foot section of one wall of the huge building. Actually it turned out to be an extremely lucrative proposition for Atlanta Jews, since they received vast sums in donations from sympathizers all over the country. All in all it was a most profitable bombing.

Non-Existent "Confederate Underground" Blamed For Bombing

SPECIAL—Five months ago (in June) the AMERICAN NATIONALIST ran a front page story entitled: "Senseless Synagogue Bombings Condemned" in which we suggested that the bombing of Jewish synagogues in three widely separated Southern cities appeared to be the work of agents and provocateurs anxious to generate sympathy for Jews. Since that article was written another synagogue, this one in Atlanta, has been dynamited. In view of the massive outcry of public indignation which the latter event inspired it is important to again assess certain pertinent details relating to the situation, for no event within the past decade has colored the thinking of the American people on the Jewish question more profoundly than this.

No matter how you look at it, none of these synagogue bombings make sense if viewed as acts of anti-Semitism. None occurred in cities where racial tension was high. All were in areas far removed from the front line of the integration fight. This is a point well worth noting. A bomb incident against the N.A.A.C.P. in Little Rock or any of a dozen other cities where controversy has erupted over the school integration question might conceivably have been expected. At least it would have made sense. But these were not the targets. Instead, the bombs were set off in cities far removed from the trouble spots—and they were set off against targets which no white segregationists or "anti-Semite" would ever choose. Whoever selected them did so with the obvious intent of arousing pub-

lic indignation and bringing discredit to the cause of white supremacy and racial segregation.

This brings us to the question of just who the bombers are. To date their identity is a mystery, but whoever they are it is clear that they were anxious for publicity—though not for themselves, as later developments showed.

The type of publicity they wanted was revealed first of all by their tactic of choosing cities where the leading newspaper is known to be strongly pro-Jewish and pro-integrationist, and therefore more apt to seize upon such an incident as an excuse to attack segregationists and other "bigots." The cities they chose were Nashville, Jacksonville,

(Continued Page 3, Column 1)

Jewish Groups Use Bomb Incident To Confuse Gentiles

ATLANTA—While the AMERICAN NATIONALIST has never condoned the use of violence in any form against Jews, and has in fact been emphatic in its condemnation of the Atlanta synagogue bombing, we are equally opposed to the frame-up of patriots on false charges simply because it is alleged that they are "anti-Semitic." Such a situation exists in Atlanta, Georgia today where five patriots have been arrested at the instigation of the sinister gum-shoe organization known as the Anti-Defamation League of B'nai B'rith (ADL).

The five men in question, all responsible citizens of their community, have been imprisoned on trumped up charges of dynamiting the synagogue there last Oct. 12th, and face possible death sentences if convicted. It goes without saying that if there were any substantial evidence against these men, the AMERICAN NATIONALIST would cheerfully leave them to their fate, because whoever committed the act delivered a severe blow to this cause. As a result of the dynamiting this publication, and every other publication designated as a "hate group" by organized Jewry, has been placed in jeopardy. This paper is therefore obviously in no mood to come to the aid of the individuals responsible for the bombing.

On the other hand there is not a shred of evidence to show that

Reward Offered For Real Synagogue Bombers

NOTE: The editor of this publication Frank L. Britton, hereby offers a reward of \$250.00 for information leading to the arrest and conviction of the person or persons responsible for the bombing of the Jewish Temple in Atlanta on Oct. 12th, 1958. An additional reward of \$250.00 (making for a total of \$500.00) will be posted if the individuals guilty of the bombing are revealed to be Jews, or in the pay of Jews.

Jew Fanatics May Be Real Bombers

Atlanta Five Framed To Satisfy B'nai B'rith

(Continued From Page 1)

the five Atlanta patriots had any connection whatever with the incident. One of the five did, it is true, sign a pre-fabricated "confession" (since repudiated), but he did so only after third degree torture methods were applied continuously for more than two days and two nights by Atlanta police, who reportedly twisted the victim's broken arm as an inducement to sign. It is also true that the Atlanta police, under the resourceful supervision of Police Chief Jenkins, produced a "witness" willing to testify that he had heard the Atlanta five "plot" the dynamiting previously, but it should be noted that this same witness had been denounced as a suspected informer and agent several months before the bombing by the very individuals he testified against.

There was one other "witness" produced by Atlanta police to bolster their case—a cell-mate of one of the Atlanta five. This individual, a felony suspect anxious to curry favor with the police, came forward with the helpful information that one of the defendants, George Bright, had admitted being the "ringleader" of the bombers.

And so, on the basis of a forced "confession" from one of the Atlanta five, bolstered by the word of a self-styled agent on one hand and by the testimony of a felony suspect on the other, one of the defendants (George Bright) was brought to trial early in December. It resulted in a hung jury and a new trial was immediately scheduled. Meanwhile all five defendants are now free on bond after being confined in the Atlanta jail for many weeks without bail.

So much for the legalities of the case. More interesting, and infinitely more significant, is the story behind the story. Because what the public does not know, and will not be told by the depraved commercial press, is that these five men were arrested to serve a specific propaganda purpose—as sacrificial goats, so to speak. For reasons of its own the Anti-Defamation League of B'nai B'rith is determined that this case shall drag on until after Congress convenes—and has a chance to pass legislation against the so-called "anti-Semitic hate groups," which are the real targets. With five men on display for allegedly having bombed the Atlanta temple, it is expected that Congress can be more easily persuaded to pass the desired legislation. Moreover, so long as the Atlanta five remain on the hook, the identity of the real bombers, who in all probability were Jewish fanatics, will be conveniently forgotten.

This is an important consideration, propaganda wise. As indicated elsewhere in this issue, there has been a magical transformation in Southern public opinion since the bombing. Before that, Southern whites were displaying increasing bitterness toward the Jews as it

became known that most of the impetus behind the integration drive was supplied by Jews and Jewish organizations—including the Anti-Defamation League. So bitter was this hostility becoming that even Southern Jews were shaken by it, and many openly questioned the wisdom of their national organizations in pushing the integration fight too hard. The Anti-Defamation League itself was under fire from many Jewish groups in the South for bringing the wrath of white gentiles down upon them because of its radical pro-Negro agitation. Obviously, drastic measures were called for if the position of organized Jewry was to be preserved. A synagogue bombing would do the trick—provided, of course, that it could be passed off as the handiwork of white "bigots" and "anti-Semitic hate groups."

In this hate cartoon the rabid, northern-owned ATLANTA CONSTITUTION draws a comparison between the Atlanta five—and the defunct "Columbian" organization. It was 12 years ago that Atlanta police, working with the New York Jewish terror bund known as the "Anti-Nazi League," railroaded the head of the Columbians (Emory Burke) to a Georgia chain gang.

The bombing of the Atlanta synagogue saved the day. Instantly Southern Jewry rallied behind the Anti-Defamation League with renewed fervor. Money flowed so freely into the ADL's treasury (its normal yearly budget exceeds \$5,000,000) that the head of the powerful American Jewish Congress, Rabbi Joachim Prinz, was moved to publicly criticize the organization for capitalizing upon the bombing.

But not only was the rank and file of Southern Jewry brought back into line by the temple bombing; the gentile public was also profoundly affected. Throughout the South indignation against the Jews and their pro-Negro agitation was instantly replaced by compassion and sympathy. From the standpoint of organized Jewry the Atlanta bombing was a master stroke; in one instant the power of the big national Jewish organizations over rank and file Southern Jews was restored, and at the same instant gentile public opinion toward the Jews underwent a wholesale transformation. And last but certainly not least, the bombing served to discredit those critics of Jewry (the so-called "hate groups") who had been exposing their pro-integration activities. The practical result is that in many areas of the South today you cannot criticize Jewry for any reason without giving rise to the suspicion that you are a potential synagogue bomber. All this because of \$30,000 worth of bomb damage to a

One owns an advertising agency, another is an architectural draftsman while a third works for the state of Georgia as a tax auditor. All were high on the Anti-Defamation League's hate list for one reason: they had dared to expose the Jewish drive to "integrate" the South. Dragged from their homes and places of business on phony "vagrancy" charges, the Atlanta

Jewish temple in Atlanta on Oct. 12th.

Needless to say, all these advantages would be instantly cancelled out if the real perpetrators of the Atlanta incident were revealed to be Jews, or Jewish agents. For that reason Jewry, and most particularly the Anti-Defamation League, found it necessary to place the blame upon white "bigots"—even if they had to be framed. This brings us back to the Atlanta five, for there is no doubt at all but that the ADL was primarily instrumental in framing the charges against them.

If any doubt ever did exist on this score, the Anti-Defamation League has dispelled it with its own boasting. In its October issue of the "ADL BULLETIN," for example, the ADL baldly claims that it masterminded the police investigations in Atlanta which resulted in the arrest of the Atlanta five.

"The ADL's Atlanta office," bragged the official ADL organ, "worked closely with the police; it also maintained close contact with Jewish community leaders in the city. ADL turned over to Atlanta police a list of anti-Semitic extremists in the area. ADL's national office was a focal point for investigative leads and a prime source for the flow of background information on anti-Semitic organizations and individuals who might have a tie-in with the bombing."

This, mind you, from the official organ of the Anti-Defamation League! And although this was never meant for gentile eyes, its meaning is crystal clear to anyone who can read the English language: the ADL is actually boasting of its sinister spy activities against Americans who dare to express anti-Jewish opinions. With brazen effrontery they not only admit they maintain secret files on all Christian-Americans suspected of anti-Israel or anti-Jewish sentiments, but gloat over the fact that these files are used at strategic moments to harass or imprison them—as they did in Atlanta.

As a matter of fact, the existence of these files explains why

Five were subjected to days of brutal "third degree" torture before being brought into court for arraignment on charges of bombing the Atlanta Jewish temple. Unshaven, tired and half blind from loss of sleep, they were there photographed like common criminals by scores of hostile news cameramen. (Note: Shown above are 4 of the Atlanta 5).

ADL agents, who were on the scene of the Atlanta bombing within minutes after it was discovered, were able not only to furnish Atlanta police with the names of known "anti-Semites" in the area, but with "background information" on them as well. At an instant's notice, in other words, the ADL was on hand ready and prepared to tell Atlanta police just who should be and who should not be arrested. It was the misfortune of the Atlanta five, all of whom were well known for their patriotic anti-integration activities, to be high on the ADL's hate list.

The question still remains, however, as to just why the Atlanta police force, or any other police body, should take orders from or otherwise cooperate with a subversive terror organization such as the ADL. Something is obviously rotten in Atlanta.

tility which many Jewish organizations display toward Communism.

Thus, while the voice of Jewry is raised in powerful concert against the so-called "hate press," and in fact is chiefly responsible for demanding its suppression, no similar clamour for the penalizing of the Communist press can be heard from the Jews at all. Like attorney-general Rogers and the rest of the integration crowd, organized Jewry is chiefly concerned with destroying those with whom they disagree; they show little or no interest in suppressing any group (including the Communists) which endorses the same ideological goals as they do.

These facts explain better than anything else why criticism of organized Jewry, of racial integration, of Communism and of the N.A.A.C.P. is typified as "hate literature" (and therefore subject to suppression) while the spreading of Communist propaganda is upheld as an exercise of Constitutional liberty.

Miami and Atlanta.

Having settled on towns notorious for their renegade newspapers, the bombers took the added precaution of phoning either the local press (in Atlanta they phoned the wire services) or the rabbi of the bombed synagogue to proclaim themselves as members of the "Confederate Underground." This had the desired effect, and within hours hundreds of newspapers throughout the nation were decrying the wanton bombings as the work of the "Confederate Underground"—which was described as a "hate group" dedicated to the persecution of Negroes and Jews.

Eisenhower himself denounced the dynamiters of the Atlanta Jewish Temple for having disgraced the name of the Confederacy with their act—and dispatched the FBI to investigate the situation. And nowhere did the sense of outrage run stronger than among Southern conservatives, with segregationist newspapers, public officials and white citizens councils all furiously assailing the "Confederate Underground" for bringing discredit to the cause of white supremacy. Southerners everywhere went out of their way to express sympathy for the Jewish "victims," and to disassociate themselves from those responsible for the deed.

Despite the mounting tide of hysteria thus inspired, it soon became evident that those guilty of the bombings had perpetrated a clever hoax, for it was obvious that no such organization as the "Confederate Underground" even existed—or ever had existed. This in itself should have been the tip-off, because it showed that whoever bombed the synagogues were anxious, very anxious, to throw the blame on white Southerners and "anti-Semites" rather than gain publicity for themselves.

By now, however, the avalanche of propaganda had become so overpowering that such details counted for nothing. Bomb scares and threats of bombings were for a while on the front page of every newspaper in America. Organized Jewish pressure groups such as the Anti-Defamation League of B'nai B'rith (ADL) had seized upon the incident as an ideal propaganda weapon to whip up sympathy for Jews, and to make every critic of Jewry appear as a dynamiter of Jewish places of worship.

Moreover, this was an opportunity to discredit not only the "anti-Semitic hate groups," but the cause of white supremacy as well. It was too good a thing to give up, even if Jewish extremists occasionally found it necessary to phone in a few anonymous threats to the synagogues themselves in order to keep the story on the front pages.

But the real need was for scapegoats, and in search of these the sinister ADL focused its attention upon Atlanta, where the last and most spectacular bombing had occurred. Their victims were five young men, several of whom had previously been arrested in connection

with the picketing of the ATLANTA CONSTITUTION with anti-Jewish placards. Although there was not a scintilla of evidence to connect them with the dynamitings, they were at ADL instigation arrested first for "vagrancy" (some in their own homes) and later charged with the bombings.

In almost any other American city such high handed conduct would have been impossible, but Atlanta is an anomaly. Due in large measure to the influence of the northern-owned, McGill-run ATLANTA CONSTITUTION & JOURNAL, a strong air of pollution pervades the political climate of the city government. Unlike most Southern cities, Negroes wield a strong influence in local politics. Moreover, the mayor (Hartsfield), the city prosecutor (Webb) and police chief (Jenkins) are all fanatic in their hatred of those groups and individuals who have over the years

On hand minutes after the bombing was discovered was this ADL agent, A. J. Levin, whose business it is to spy on "anti-Semites" in the Atlanta area. This glorified sketch of Levin appeared in scores of northern newspapers, who praised his gestapo activities.

attempted to expose the Jewish leadership of the National Association for the Advancement of Colored People and other race mixing groups. For this and other reasons Atlanta has long been regarded as a graveyard for patriots; as the one town in the South where the police and city officials work hand in hand with organized Jewry to harass and imprison anyone daring to engage in "anti-Semitic" activity.

Significantly, it was in Atlanta 12 years ago that Emory Burke, famed head of the "Columbians," was railroaded to a chain gang on trumped up charges of plotting to use dynamite against Negroes. Later, the Jewish "Anti-Nazi League" in New York City brazenly boasted that its agents had infiltrated the Columbian organization and supplied Atlanta officials with the "evidence" which convicted Burke and destroyed the pioneer Columbian organization. Details of the "Anti-Nazi League's" Atlanta exploit were for years published in the AMERICAN HEBREW by James "Sheldon," a columnist for the AMERICAN HEBREW and an official of the "Anti-Nazi League." In fact, "Sheldon's" chief claim to fame was, and is, that he was responsible for sending Burke to a Georgia chain gang.

Thus, the collaboration between Atlanta police officials and outside Jewish gestapo organizations is nothing new. The rigged arrest of five Atlanta scapegoats on charges of bombing the synagogue there is a transparent propaganda ruse

Although too insignificant to be noticed from the street, the bomb damage does look impressive from close up. Here publicity seeking mayor Hartsfield (left) of Atlanta commiserates with rabbi Rothschild over the incident. Later, while the Atlanta Five were still being held incommunicado in the Atlanta jail on framed charges, mayor Hartsfield appeared as a special

guest of honor at an Atlanta "Bonds for Israel" dinner to express his undying devotion for Jewry. Incidentally, although more than 50 Atlanta police (and the FBI) were detailed to the case, no effort was apparently made to determine if Jewish fanatics were really responsible for the dynamiting. As a result, the real bombers are still free.

engineered by the New York controlled Anti-Defamation League of B'nai B'rith in collusion with Atlanta police officials, and no one familiar with the case believes they are guilty.

But so long as they do remain under arrest the Anti-Defamation League will have ammunition for its nationwide propaganda campaign. . . . The end result is that everywhere, as a consequence of the bombings and the "accompanying" Jewish agitation, sympathy and pity is being drummed up for the Jews, and everywhere the cause of white supremacy is being blackened and smeared.

That, obviously, is what the individuals who bombed the synagogues set out to achieve in the first place. Certainly no one in possession of these facts would ever argue that anyone except the Jews have benefited propaganda-wise from the bombings, or that anyone except the segregationists and "anti-Semitic hate groups" have suffered.

SUMMARY: The plain and brutal implication to be drawn from all this is that the synagogue bombings were the work of Jewish provocateurs. It was, so to speak, a Reichstag fire in reverse. This may on first appearance seem to be a wild—even a fantastic—conclusion, but it is not nearly so wild as was Eisenhower's almost hysterical denunciation of the non-existent "Confederate Underground" for the act.

For Mr. Eisenhower's benefit, and also for the edification of the American people who have been misled by the synthetic barrage of Jewish propaganda, it should be emphasized that U. S. Jewry was in desperate need of a Reichstag fire to salvage its deteriorating position. To appreciate why this is so it must first be remembered that Jews are in disrepute all over the South as a consequence of their activities on behalf of racial integration. To a substantial degree this can be attributed to the activities of a half dozen small Nationalist publications (including the AMERICAN NATIONALIST) who have alerted vast numbers of Southerners to the fact that the self styled "National As-

sociation for the Advancement of Colored People" (NAACP) is not a Negro organization, but is headed by a New York Jew by the name of Arthur B. Spingarn.

It was also becoming common knowledge in the South that the May 17, 1954 Supreme Court decision outlawing segregated schools was obtained primarily at the instigation of organized Jewry. An examination of official Supreme Court records (available at any large library) shows that nine of the 15 individuals who signed briefs of "amicus curiae" in support of the NAACP in that case were Jews—and that they represented the nation's most powerful Jewish organizations (ie American Jewish Congress, American Jewish Committee, Anti-Defamation League of B'nai B'rith). As a consequence of these revelations, and with the intensification of the integration struggle, public opinion everywhere in the South began to react against the Jews. People were saying that if it were not for the Jew, there would be no integration controversy. . . . No development in American history has aroused more bitterness against organized Jewry than the integration fight.

To salvage their plummeting prestige and to regain their former status of respectability, U. S. Jews obviously needed to break the pattern of anti-Semitism sweeping the South. They needed to discredit their detractors (and particularly the so-called "hate groups" responsible for exposing their pro-integration role) and they needed to regain the sympathy of the white Christian majority. A final consideration, and an important one, was the necessity of solidifying opinion among rank and file Jews themselves, many of whom were in rebellion against the national Jewish organizations for pushing the integration theme too hard.

A drastic move was called for. To serve the desired purpose it had to be something so vicious, so repugnant and so insane that no American in his right mind would condone it. A further requirement: it must be blamed on the "anti-Semites" and white suprem-

acists. A synagogue bombing, or rather a series of them, would fill the bill nicely. And that, unquestionably, was precisely the scheme adopted. And so one Jewish center after another was dynamited, with the bombers taking care in each case to identify themselves (via telephone) as the "Confederate Underground." As previously noted, the ruse was so effective that even Eisenhower was taken in by it . . .

The tactic was successful beyond the wildest dreams of its perpetrators. Thanks to the bombings, the tide everywhere turned in favor of the Jews. Instead of being despised for their integration agitation, they are now pitied . . . Even more important, the groups and organizations dedicated to exposing the Jewish drive behind the integration campaign are under a cloud, for organized Jewry has succeeded in convincing millions of Americans that anyone who dares to criticize a Jew is working hand in glove with the "Confederate Underground" to dynamite Jewish places of worship . . .

From the standpoint of U. S. Jewry the dynamiting of the synagogues in Atlanta and elsewhere ranks as one of the most successful propaganda victories of the twentieth century . . .

One thing is dead certain: none of the five patriots now under indictment in Atlanta had anything to do with the bombing . . .

Jews Demand Censorship

aroused over the synagogue bombings, which has been represented to the public as the work of "anti-Semites" and "hate groups." For another, the bombings were cleverly timed to coincide with the primary elections. As a result, Jewish propaganda agencies such as the Anti-Defamation League were able, without too much trouble, to exact campaign pledges from many candidates to sponsor or support punitive legislation against the so-called "hate" publications.

It is a foregone conclusion, therefore, that a supreme effort will be made to push through laws to put the Nationalist press out of business when Congress again convenes. To forestall the argument that such legislation is patently illegal and un-Constitutional, Jewish pressure groups are advancing the absurd contention that "anti-Semitic" literature tends to incite violence and unrest, hence should be suppressed to maintain law and order. This, of course, is the same excuse all totalitarian regimes use to silence their critics, but few of our lawmakers are apt to remember that in the present circumstances.

It is ironic to note that even while organized Jewry is pushing its massive propaganda and pressure campaign to deny freedom of the press to its critics, no attempt whatever has been made to interfere with the Communist Party's prerogatives. No one in Washington has questioned the right of any Communist

Press Report

LOS ANGELES—Illustrative of the way the nation's two major wire services (AP, UPI) utilize their monopoly position to doctor the news was the way both organizations distorted the Atlanta synagogue bombing. Although the bomb damage in reality amounted to only \$30,000 (on the word of Hearst columnist, Jim Bishop) both the AP and UPI broadcast the hysterical estimate of \$200,000 to member papers—in the process misleading thousands of newspaper editors. Actually, the damage was so slight as to be virtually invisible from the street. The dynamite was set off in a corridor on one side of the temple, destroying one small room and a 15 foot section of the wall of the huge, sprawling building. But the wire services invariably furnished newspapers with only close-up shots of the damage, giving the impression the entire edifice had been levelled . . .

NASHVILLE—John Kasper, famed as the firebrand who set off the Clinton integration riots two years ago, has been sentenced to a six months jail term as an aftermath of the incident. In asking for a conviction the prosecutor assailed Kasper as an "outsider" who had brought strife and discord to the peaceful community. All of which would seem to suggest that Tennessee authorities are jailing the wrong outsiders. It was the New York controlled NAACP and other outside race-mixing groups who forced integration on Clinton and the South—not Kasper. John Kasper, like Paul Revere, merely sounded the alarm . . .

NEW YORK—United Jewish Appeal (UJA), by far the largest Jewish fund raising organization in this country, has set its 1959 goal at \$205,000,000.00 at a New York conference—most of it earmarked for Israel, and all of it tax-free. The regular UJA budget of \$105,000,000.00 is to be augmented by a special \$100,000,000.00 "emergency fund." It is expected that the synagogue bombings in the South, by arousing U. S. Jewry to new heights of fanaticism, will make the fund raising goal considerably easier to achieve.

NEW YORK—LOOK magazine, easily the most blatantly pro-Jewish magazine of national circulation, admits in its Jan. 6th issue that there is little hope of convicting the Atlanta Five for the Atlanta synagogue bombing. "Officials felt that there was little hope of obtaining a conviction," driveled LOOK in a five-page article, "but the indictments proved beneficial to the police . . . The arresting officers, armed with warrants, now had the opportunity to search the homes of the suspects. They found abundant anti-Semitic and anti-Negro literature . . ."

LOS ANGELES—In Los Angeles the Yiddish newspaper, HERITAGE, has been "cited" by the Anti-Defamation League of B'nai B'rith for "exposing" Frank L. Britton in a series of smear articles. The series was inspired by the discovery that the AMERICAN NATIONALIST subscribes to HERITAGE under the nom de plume of "S. Goldstein . . ."

to print or circulate Russian-subsidized propaganda, and no effort has been made to bar their material from the U. S. mails. In fact, many Red publications enjoy second class mailing privileges, which means that for a fraction of a cent (as low as 1/8 of a cent per piece) they can mail their stuff to any place in America (although it would cost you 4c or more for the same mail service). The point is that the Communists not only have free access to the U. S. mails, but are actually permitted to mail at subsidized rates. This, mind you, at a time when the attorney-general and the postmaster-general are exerting every effort to bar pro-American and pro-segregationist literature from the mail under the pretense it is "hate material" which tends to "incite violence" . . . Obviously there must be an explanation.

Actually, there are two basic reasons why no attempt has been made to interfere with Communist propaganda—which incidentally is distributed on a scale vastly greater than anything achieved by the Nationalist publications. First, it must be remembered that the man who will spearhead the integration drive from Washington in the coming months (including the attempt to suppress the so-called "hate" publications) will be attorney-general Wm. Rogers. Mr. Rogers, whom LIFE magazine recently characterized as the "Strategist-in-Chief-For Desegregation" in an 8 page article, is rabidly determined to crush all opposition to integration and is prepared to utilize the entire justice department, including the FBI, to that end if necessary.

In this he is supported 100% by the Communist Party, for although

there is no evidence that Rogers is pro-Communist, it cannot be denied that, point for point, his stand on the integration controversy is identical with that advocated by the Communist press.

✓Thus, the Communists are bitter in their hatred of Governor Faubus; so is Mr. Rogers.

✓The Communist press advocates immediate action by all departments of the Federal government to implement the Supreme Court's various integration decrees; so does attorney-general Rogers.

✓The Communists were fervent in their demands for the use of Federal troops in Little Rock: Mr. Rogers, on the other hand, is regarded as the architect responsible for the military occupation of the Arkansas capital . . .

✓The Communist Party has, from its very inception, been unequivocally and unconditionally for integration in every walk of American life: at the polls, in public and private housing, in the schools, in sports, in public swimming pools, in restaurants—everywhere. The attorney-general of the U. S. takes precisely the same stand . . .

It goes without saying that Rogers and the Reds have different reasons for wanting integration, but the point is that both want it fervently. And although Mr. Rogers may be slightly embarrassed by this unanimity of opinion, he cannot exactly claim that the Communists are "inciting violence" or peddling "hate literature"—not when their viewpoint is so similar to his own. This may or may not explain why the U. S. attorney-general is trying to suppress the so-called "hate" publications, but is making no effort whatever to silence the agents of Moscow.

There is a second reason why the Communists are being given free rein to spread their propaganda even while the Federal government focuses its attention upon ways and means to outlaw the Nationalist press. This is related to the fact that all the major organs of Communist propaganda are operated by Jews. Today, for example, there is only one DAILY Communist newspaper in the U. S.: "Morning Freiheit." It is printed in the Yiddish language. The well known "Daily Worker" has now folded, but its long-time editor in chief was the Jew, John Gates (Israel Regenstein). On the West Coast the major Communist organ is "People's World," which until last year, along with the "Daily Worker" and "Morning Freiheit," was one of the three existing Communist dailies in the U. S. It is now published as a weekly, but its editor is still the Polish Jew, Al Richmond. And so it goes, ad infinitum. Despite all the propaganda to the contrary, the Communist press in this country is, and always has been, almost entirely a Jewish monopoly. Understandably, therefore, organized Jewry is not particularly anxious to have it suppressed, despite the pretended hos-

Three Steps To Mongrelization

A BLUEPRINT FOR THE DESTRUCTION OF OUR CHRISTIAN-AMERICAN CIVILIZATION

MIX THE SCHOOLS

Every race agitator and every professional race mixing organization knows that the first step toward racial mongrelization is the "integrated" school. They know that if the growing child can be exposed to an inter-racial atmosphere early enough in life, and can be conditioned in a Negroidal environment from kindergarten on, it will never develop racial pride or racial self respect.

Accordingly, the integrationists are seeking to transform the educational process into an instrument of mass mongrelization; they are fanatically determined to mix Negroes and whites in our public schools at all costs. In Little Rock they tried to do it with bayonets. In New York City they are using school buses to import Negroes into all-white schools. In other areas they are utilizing court injunctions, coercion and propaganda to gain their ends. Their immediate goal is the integration of our schools; their ultimate objective is the bastardization of the white race . . .

TEACH THEM "TOLERANCE"

The second important step toward total mongrelization is the indoctrination of our white youth with "tolerance" propaganda. This means that at all times the maturing child must be impressed with the notion that all races are equal, and that "science" has never proven one race to be superior to another. At no time is criticism of the Negro race to be tolerated, but is to be instantly branded as a show of racial "prejudice." At the same time the Negro must always be portrayed as a victim of white "bigotry." A constant repetition of the latter theme serves a double purpose: it arouses Negroes to a fever pitch of racial militancy and aggressiveness, and it instills a sense of guilt in the white Christian child. Thus by inciting Negroes to a hypersensitive awareness of race, and by destroying or watering down the very concept of race among whites, "tolerance" propaganda serves as a double edged weapon in the hands of the integrationists. That is why they are always so anxious to teach racial "tolerance" in our schools . . .

INTEGRATE THE CHURCHES

The third major step toward the universal mongrelization and destruction of our white Christian-American heritage is the integration of the churches—a project dear to the heart of a great many of our social gospel clergymen. In many ways the NAACP crowd regard church integration as their most important goal, for it breaks down the moral barriers against miscegenation in the same way that school integration breaks down the intellectual barriers. They know, to begin with, that the mere presence of Negroes in white churches will eventually result in interracial marriages—all the more so if children are warned repeatedly from the pulpit that racial "discrimination" is a cardinal sin, and "un-Christian." In short, if the child is taught in church and in Sunday school that all the races are "children of God," and that race mixing is a high Christian virtue, it is unreasonable to expect that interracial attachments will not result. Once the churches have been transformed into an instrument for popularizing and encouraging racial mongrelization, there is little hope of preserving our civilization . . .

THESE ARE THE PRODUCTS OF INTEGRATION...

This girl, on honeymoon with her Negro husband, will make her parents proud someday—with mulatto grandchildren.

These white girls, all of whom have married Negroes, have obviously taken racial "tolerance" seriously—as they were taught to do.

Experience has already shown that there is no such thing as just a little integration. Negroes cannot be integrated in the classroom, but segregated at school party; they cannot be treated "equals" in the school lunch room, but inferiors at the junior prom. It is nothing—the line is always drawn the way . . .

These are the products of integration—the inevitable consequence of throwing Negroes and whites into the same schools, churches and social environment. Once integration is achieved on a mass scale, mongrelization on a mass scale can be expected to follow.

STATEHOOD

of timber, minerals and farm land virtually untouched. With a population density of less than 1 person for every 3 square miles, there is ample room for settlement and expansion. Hawaii, by contrast, is crowded to the point of saturation with a population 250 times denser than Alaska's. Another thing: Alaska is populated predominantly by white Americans whereas Hawaii's population is an Asiatic polyglot in which white Americans are outnumbered approximately 5 to 1. Moreover, there are signs that the islands' whites are decreasing in ratio. No matter how you look at it there is no room for growth and expansion in Hawaii, and no possibility whatever that white Americans will ever increase their foothold there—if indeed they are able to maintain their present precarious minority position there. The plain fact is that Hawaii is a non-white territory and will never be otherwise. And sooner or later its fast expanding Oriental population will begin to overflow onto the U.S. mainland...

SUMMARY: Never before has the U.S. admitted a territory dominated by non-whites into the Union; never in history has a non-contiguous island possession been considered for statehood. It would not be seriously considered now if the American people were in full possession of the facts.

Unfortunately, however, the depreved-and-pressure-ridden U.S. press has soot peddled the issue with the result that not one American out of 20 has any real conception of the issues involved. The average citizen has been conditioned to think of Hawaii in terms of Hula girls, Aloha at the dockside, sunbathed beaches, nostalgic guitar music and other commercialized tourist gimmicks. The picture of Hawaii as a teeming beehive populated almost entirely by Japanese, Chinese and Filipinos is one rarely revealed to the public...

The long and the short of it is that Hawaiian statehood will give us a 50th Oriental state inhabited and dominated by Asians. There is no conceivable advantage to be gained from such a move, whereas the precedent of accepting a non-contiguous territory inhabited by non-assimilable racial groups into the Union might well spell disaster in the long run. Once Hawaii is accepted, there is no logical reason why such Negroidal possessions as Puerto Rico, the Virgin Islands and other similar areas should not likewise be taken in. No matter how you stack it up, Hawaiian statehood simply doesn't make sense—unless, of course, you are interested in destroying America as we know it, and as our forefathers created it...

PARIS—According to the JERUSALEM POST, DeGaulle's new premier, M. Michel Debre, is a Jew whose... "grandfather, a Talmudist, was Chief Rabbi of Strasbourg."

MOSCOW—Every loyal American, whether he earns his money digging a ditch, punching a typewriter or sitting at an executive's desk, has one thing in common with every other American: he must pay income taxes. But a Communist traitor who receives income from Soviet Russia for "services rendered" is not subject to income taxes—or so the U.S. Treasury Department last month ruled in the case of singer Paul Robeson, recipient of a \$25,000 "Stalin Peace Prize." The Treasury obligingly relieved Robeson of the obligation of paying \$9,655 in taxes on the Soviet award.

LONDON—According to statistics published in TIME (Feb. 16, '50) seven out of ten babies born in Jamaica are illegitimate. The fact should be of particular interest to residents of the British Isles, who are presently being inundated by a massive influx of Jamaican Negroes. As British subjects, hundreds of thousands of Jamaicans have swarmed into England in recent years.

WASHINGTON, D.C.—The House Committee on Un-American Activities has released a highly significant report exposing the existence of an "elite corps" of lawyers who over the years have provided legal cover for much of the Communist subversion in the United States. The Committee report contained case histories on 39 of the Communist lawyers, 23 of whom are from California. Incidentally, of the 23 from California it is believed that at least two thirds, possibly more, are Jews. The names of the California contingent are as follows: M. Bachelis, B. Dreyfus, P. Epstein, J. Frankel, R. Gladstein, A. Grossman, B. Edises, G. Katz, S. Mandel, B. Margolis, R. Rosenberg, S. Rosenwein, R. Rykoff, E. Shandler, L. Sperber, F. Steinmetz, E. Treuhait. Also: G. Anderson, J. McFerman, J. Porter, J. Tenner, D. Walker, C. Garry.

WASHINGTON—"Don't be surprised if the Rumanian Ambassador in Washington appears at Jewish conferences in this country to appeal for funds to help the emigration of Jews from East European countries. This emigration is assuming such unprecedented proportions that all major Jewish organizations in the United States have decided to issue a joint call for an urgent United Jewish Appeal conference..." So began an article written by Boris Smolar, a Jewish Telegraph Agency pundit whose column appears in scores of Jewish newspapers throughout the U.S. If Smolar's prediction is true, it means the Communist government of Rumania (and its ambassador in Washington) will be working hand in hand with organized Jewry to raise funds for the state of Israel... Tax free, of course.

ATLANTA—Four months ago the kept commercial press hysterically headlined the event when 5 "anti-semites" in Atlanta were arrested on framed charges of bombing the Jewish temple there. But last month when a jury acquitted the so-called "ringleader" of the "Atlanta 5" most newspapers refused to print the story...

According to the Rabbi, become a... "nasty word in Southern communities, considered in the same class with NAACP and even the Communist groups."

The Houston Rabbi also accused organized Jewish pressure groups in the North of seeking to make martyrs of Southern Jews and of... "looking down their noses at the backward and timid Southern Jews."

"No one," declared Malev, "has the right to martyr somebody else for the cause he believes in." As for those who aspire to martyrdom, the Rabbi suggested that they... "come down South and try it for themselves if they think so much of it!"

SIGNIFICANCE: In essence Rabbi Malev's bitter attack is symptomatic of a growing resentment on the part of some Southern Jews against the Anti-Defa-

mation League, the American Jewish Congress and other professional Jewish trouble-making bodies. That resentment feeds on the knowledge that the present integration struggle in the South is almost entirely due to the activities of a half dozen organizations—virtually all Jewish or Jewish controlled.

Both the American Jewish Congress and the Anti-Defamation League of B'nai B'rith, for example, figured prominently in the infamous May 17, 1954 Supreme Court decision which outlawed segregated schools—the so-called "Black Monday" decision. Both organizations signed briefs of "amicus curiae" (that is, as "friends of the court") in the case. As a matter of fact, no less than 9 of the 15 individuals who signed briefs in support of the NAACP in that case were Jews. Considering the

fact that the NAACP has a Jewish president and is to all intents and purposes Jewish controlled, it is therefore evident that the Supreme Court's 1954 decision against segregated schools was obtained primarily at the instigation of organized Jewry...

Many white Southerners are becoming aware of these facts, as evidenced by their growing antipathy for Jews. This in turn has led at least some Jews in the South to question the wisdom of the national Jewish organizations, safely centered in the North, of continuing their racial agitation in the face of growing Southern resistance.

That, in a nutshell, is the story behind Rabbi Malev's bitter attack against the American Jewish Congress and the Anti-Defamation League in the publication, CONSERVATIVE JUDAISM, last month.

Herman Toll, as a typical example, is an official of the Anti-Defamation League of B'nai B'rith, has been prominent in Zionist affairs for 25 years, is a member of the sinister American Jewish Committee and is credited, among other things, with having helped to push through Pennsylvania's coercive FEPC law compelling employers to hire, promote and otherwise coddle Negroes...

ISRAEL IMMIGRATION

(Continued From Page 3)

none of this is reported by the depraved, pressure-ridden American press. Not a single newspaper or news magazine of national circulation has given out the truth. The truth is that the Communist-Jewish hierarchy which dominates Soviet Russia has again come to terms with the Zionist government of Palestine, thus temporarily stilling their long-standing feud, so as to permit dissident members of the tribe to depart for Israel. A similar arrangement prevailed from 1948 until 1951, when during a 30-month period no less than 238,000 Jews entered Israel from behind the Iron Curtain—according to statistics compiled by the U.S. government.

Meanwhile, millions of Jews continue to direct and control the Soviet bureaucracy; if this were not so, the present migration to Israel would be impossible...

Rabbi Assails ADL For Creating Race Turmoil In South

HOUSTON—One of the South's leading rabbis, Wm. S. Malev of congregation Beth Yeshurun in Houston, last month lashed out at the American Jewish Congress and the Anti-Defamation League of B'nai B'rith for their "excessive and aggressive propaganda" on behalf of racial integration in the South. Rabbi Malev assailed what he called... "their irresponsible and ill-timed publicity" and their "aggressive demands for action" as being responsible for... "much of our difficulty all over the South." Racial agitation by these national Jewish groups, the Rabbi stated, constitutes... "a distinct and tragic disservice to the Jew of the South."

"It is characteristic of the attitude of the American Jewish Congress," wrote Rabbi Malev in the publication, CONSERVATIVE JUDAISM, "that legislation may be used not only to enforce accepted ethical principles and constitutional law, but also to compel people... to behave in accordance with the desires and the objectives of groups like the American Jewish

Fourteen Jews Now In The U.S. Congress

WASHINGTON, D.C.—Fourteen Jews, all but one Democrats, have been elected to the present Congress. Among them are three new comers: Sen. Sam Alper of New York, Herman Toll of Pennsylvania and Ernest Gruening of Alaska. Herman Toll, recently extolled by the Jewish Telegraph Agency's Milton Friedman as a... "distinguished Jewish communal leader" and as a Jew who... "possesses the quick Talmudic mind of his grandfather, a rabbi," was immediately seated on the influential House Judiciary Committee, headed by his co-racist, "Man-n'y" Celler.

Latest Report Shows Hawaii is 80% Asiatic...

Only 20% of Hawaii's Population is White!

Latest population statistics from Hawaii (published in the Feb. 13, 1959 issue of U.S. News & World Report) show that only 20% of Hawaii's population is white—a 3% decrease from the 1950 census. Another 3% of the population is Hawaiian, whereas a whopping 77% is Asiatic or non-white. Thus it is already apparent that Orientals are increasing their preponderance in the islands, while whites are losing ground. Here are the most up-to-date statistics:	(Rounded to nearest percentage point)
Whites	220,040
Mixed bloods	116,000
Chinese	87,000
Filipino	75,000
Japanese	60,000

U.S. Will Acquire An Oriental State If Hawaii Is Admitted

WASHINGTON, D.C.—To the accompaniment of one of the loudest and most flamboyant propaganda barrages in recent years, the big drive to bring Hawaii into the Union as the nation's 50th state is under way. From the evidence there is a very real possibility the effort will succeed this time unless immediate and effective opposition is rallied.

A look at the record shows why. Three times since 1947 the U. S. House of Representatives has voted to admit Hawaii to statehood, and the Senate has voted for admission once. Backers of the measure, encouraged by the successful Alaska statehood bill, are predicting easy passage in the House this year and claim a clear majority of 54 sponsors in the Senate.

Actually, if the merits of the statehood argument could be brought to the attention of the American people there is little likelihood Hawaii would even be considered for admission. In the first place, any comparison between Alaska and Hawaii is fraudulent on its face, as even a cursory examination will show.

Alaska, for example, is a vast new frontier land encompassing 586,400 square miles. Hawaii, on the other hand, has an area of only 6,420 square miles—including several uninhabited desert islands of volcanic rock and sand. To put

it another way, Hawaii is only 1/100th the size of Alaska! Alaska, as part of the North American continent, is easily accessible by highway and is separated from the rest of the country by friendly Canadian territory. But Hawaii consists of a group of islands spread over thousands of miles of the Pacific ocean, the main one being 2,400 miles from the U.S. mainland.

Alaska is capable of tremendous development, with vast resources

Commies Secretly Produce Flood Of Propaganda Films

HOLLYWOOD—Ten years ago the Hollywood motion picture industry was reluctantly forced to undertake a house cleaning when the Committee on Un-American Activities revealed that large numbers of its highly paid actors, writers and producers were dues paying Communists. The scandal was brought to public attention by the imprisonment of ten of Hollywood's most famous script writers—the notorious "Hollywood Ten"—on charges of contempt of Congress as an aftermath of their refusal to testify before the Un-American Activities Committee.

As a consequence of the resultant furor an estimated 150 motion picture writers and some 75 producers, actors and musicians with Communist backgrounds were ostensibly blacklisted by the industry. At the same time the public was saturated with Hollywood press-agentry aimed at convincing one and all that Communist influence had been completely eradicated from the industry. And so it appeared on the surface.

Jew Merchants Boycott Viceroy Cigarettes

INDIANAPOLIS—The NATIONAL JEWISH POST claims in a recent news report that... "sales of Viceroy cigarettes, which Jewish organizations are boycotting... dropped last year by almost 19%."

The boycott was inspired by the discovery that Viceroy sells to the Arab countries but, due to Arab pressure, does not cultivate the Israeli market. Organized Jewry, which is apparently determined to drive the British-owned Brown & Williamson Tobacco Co. out of the U.S. market as a revenge measure, has been urging Jewish newspapers to refuse advertisements from the firm. Jewish student organizations and similar groups have also been pushing the boycott, and some Jewish merchants are reportedly refusing to handle the brand.

Black Invasion Dooms Washington D.C.

Nation's Capital Is
A Sick And Dying City

WASHINGTON, D.C.—To generations of Americans, Washington, D.C., has been more than the nation's capital; it has been a sacred place and a symbol of freedom—a shrine of hallowed traditions almost born from the time the Republic was born. Here George Washington lived and here Abraham Lincoln died. In Washington are the tombs of our Unknown Soldiers and the monuments erected in memory of our founding fathers. Here in times past resounded the voices of Madison, Jefferson, Adams, Franklin, Clay and other immortals. Here for a hundred and fifty years, throbbing the heart and the soul of America.

Today Washington, D.C., is a sick and dying city. One half of its population is African. Seventy percent of its school enrollment is colored. One fourth of its Federal government employees are Negroes. Of its 3850 school teachers, only 1650 are white.

The decay and rot is everywhere evident. Armed and uniformed policemen patrol the schools in a futile effort to preserve a semblance of order. White students endure unspeakable indignities for the privilege of attending integrated schools.

In many parts the city is a veritable jungle where no white man or woman dares to venture after

dark. Litter and garbage desecrate what were once stately avenues. Negro gangs of knife-wielding juveniles terrorize streets virtually within sight of the White House. Gracious residential neighborhoods, hastily evacuated by fleeing whites, have been transformed into festering Negro slums.

The situation grows worse daily as white families continue their exodus and as more Negroes move in. Within a short time it is expected that Negroes will constitute an absolute majority of the population and, if present trends continue, will eventually hold a majority of the Federal jobs in Washington.

Such has been the fate of Washington, D.C., capital city of the greatest nation on earth. One cannot help but wonder what George Washington, Benjamin Franklin and other signers of the Declaration of Independence would think if they could see their beloved District of Columbia today.

Film Industry Hit For Secretly Hiring Blacklisted Communists

(Continued From Page 1)

But close observers of the Hollywood scene soon had reason to believe otherwise. For strange as it may seem, the film colony began turning out more propaganda after its phony clean-up than before. "Message" films, a comparative rarity before 1945, and fairly infrequent up until about 1949, began to pour forth in a steady stream after that.

Some were frankly and viciously anti-Southern in the "Tobacco Road" tradition. Numerous others pushed the Oriental theme, portraying love matches of various sorts between Oriental lotus blossoms and whites. Many dealt openly with the topics of anti-Semitism and anti-Negro "prejudice." Interracial romances between Negroes and whites became an increasingly popular subject.

Typical propaganda pictures produced within just the past year or so (and these are just samples) include "Baby Doll" and "God's Little Acre" (anti-Southern), "The Young Lions" and "I Accuse" (about anti-Semitism), "Sayonara" (about anti-Negro), "The Defiant Ones" (about anti-Semitism), "Kings Go Forth" (about race "prejudice"), "Island in the Sun" and "Band of Angels" (Negro-white romance), and so on, ad infinitum.

Last month the mystery behind this deluge of obscene racial propaganda was cleared up when Hollywood decided the time had come to drop its anti-Communist facade, which had become a farce anyway. Officially sparking the new look was the "Motion Picture Academy," whose "Oscar" awards have become an annual ritual in the industry. What the Academy did was to officially withdraw its ban on blacklisted Communists and fellow travelers, thus making them eligible for "Oscar" awards this year.

The decision was greeted with undisguised delight by the Communist press. PEOPLE'S WORLD, west coast Commie organ, headlined it as "Hollywood's Most Exciting Story."

"The past two weeks," exulted PEOPLE'S WORLD, "and what's to follow in the next few may live in Hollywood history as the beginning of the end for the political blacklist."

No sooner had the Academy's ban been lifted than Dalton Trumbo, one of the original "Hollywood Ten," appeared on TV to boast that he had been writing movie scripts (including one for last year's Oscar winning film, "The Brave One") right along despite the ban. What is more, gloated Trumbo, many other blacklisted writers had been doing the same.

Among Hollywood's contingent of highly paid writers, with a pro-Communist record is Arthur Miller (above), married to actress Marilyn Monroe. Miller, who barely escaped going to jail last year for contempt of Congress, is Jewish, as were most of the others supposedly blacklisted for Communist activity.

Just how many had been doing it was revealed by TIME magazine in its Jan. 26th (59) issue: "At least 15% of the current Hollywood films," gloated TIME, "are reportedly written by blacklisted members. Says producer King: 'There are more ghosts in Hollywood than in Forest Lawn. Every company in town has used the work of blacklisted people. We're just the first to confirm what everybody knows.' Writer Trumbo himself has sold 'many screenplays' under nine pseudonyms. Since 1947 Trumbo's income... has actually risen above his pro-

blacklist level"...

From the above it is adequately clear that Hollywood never cleansed itself of Communist influence, and never meant to. What the public got was a white-wash, not a house cleaning. This fact certainly goes a long way toward explaining why our movie theatres today are so cluttered with "message" films glorifying racial integration and other Communist propaganda objectives... After all, Communist script writers can't be expected to write ANTI-Communist stories, can they?

Secret Soviet-Israel Conspiracy Bared

Master-Race Status Of Soviet
Jews Indicated By Migration

TEL AVIV—A massive new wave of Jewish immigration from behind the Iron Curtain is expected in Israel this year. Although the story has been suppressed and distorted by the U.S. press, Jewish newspapers throughout the U.S. have been headlining the expected influx for weeks.

In New York the AMERICAN EXAMINER, which claims to be "America's largest independent Anglo-Jewish weekly," recently carried a headline story announcing a special \$100,000,000 fund drive by United Jewish Appeal (UJA) to defray the cost of the new immigration. This amount, it should be noted, is over and above UJA's regular 1959 budget of \$105,000,000.

In California the JEWISH VOICE, which boasts of the "largest Jewish circulation in the west," proclaimed in a front page story that Communist Rumania is permitting "exodus" for any of its 240,000 Jews who want to leave.

"A special registry has been opened in Bucharest, capital of Rumania, to facilitate registry of Jews who wish to leave for Israel," reported JEWISH VOICE in its January 9th issue. A week later (Jan. 16) JEWISH VOICE reported that "...the Rumanian Ministry of Interior has increased its staff to expedite the departure of Jewish emigrants."

The above clipping, all taken from various Jewish newspapers within recent weeks, tell of vast Jewish migration now underway from Communist Rumania to Israel.

The same week a Jewish Telegraph Agency (JTA) dispatch, carried in scores of U.S. Jewish newspapers across the country, estimated that between 80,000 and 100,000 Jews are expected to enter Israel this year—virtually all from Communist-occupied Europe. A month later, on Feb. 6th, JTA reported that "...a full-scale reassessment of the resources of Israel is under way in preparation for the gigantic task of absorbing the 100,000 Jews expected to be released this year by the Communist Government of Rumania."

Thus it is apparent that the flow of Jewish immigration from the Communist satellites, which has already swelled Israel's population by several hundreds of thousands over the past few years, has again been resumed on a wholesale basis. As usual, of course, this vast Jewish migration from the Soviet sphere will be represented to gullible Americans as further evidence that Jews are suffering "persecution" under the Communists and are fleeing to escape "anti-Semitism."

In actual truth, of course, per-

No American newspaper dares to mention it, but more than half of all the Jews entering Israel since its founding in 1948 have been from Iron Curtain countries—which means they entered with the blessing and permission of Moscow. This year a vast new migration is underway from Communist Russia on earth.

(Writing in the January 2 (59) issue of JEWISH VOICE, Rabbi E. F. Einhorn, just recently returned from a tour of Russia, reported that "...there are at least 500,000 and possibly as many as 700,000 Jews in Moscow alone." New York Times correspondent Salisbury has estimated Moscow's Jew population to be 500,000.)

The truth is that the average Russian Jew has no more desire to emigrate to Israel than the typical U.S. Jew. As a point of fact most Russian Jews are bitterly hostile to Zionism and to the Zionist ideal of Palestine as a national Jewish home.

In the satellite countries, on the other hand, sizable numbers of Jews find themselves misfits under Communism. Some have been uprooted by the war. Others find it difficult to adjust to the new order. Still others are inclined by reason of their religious proclivities to look to Israel rather than Moscow as Mecca. The consequence is a dissatisfied and troublesome minority—a fact admitted freely by the U.S. Jewish press. In its Jan. 16th issue, for instance, JEWISH VOICE states that: "Bucharest Radio frankly admitted the gates were open because the Jewish minority was impossible to absorb." The same paper a week earlier claimed that the emigration was being permitted by Communist authorities in order to "...rid themselves of a minority that cannot be assimilated."

Needless to say, if a Christian or non-Jewish minority proved equally troublesome it would not be permitted to emigrate, but would be liquidated or uprooted instantly—as were dissident elements in Latvia, Lithuania, parts of Poland, Germany, Hungary and elsewhere. Always in the past the Communist technique has been to

deport or annihilate individuals, groups and even entire nations which did not readily conform to Communism. That is still their policy.

Not so in this instance, however. Russian Jewry is too powerful, too numerous; its domination of the Soviet apparatus is too complete. And the luxury of being a dissatisfied minority is strictly a Jewish prerogative. Certain Jews may stray (a la Boris Pasternak); they may offend or even commit treason, but they are still Jews and so immune to normal retribution... And so, while hundreds of millions of Christians are held

PASTERNAK

Illustrative of Jewry's master-race status is Soviet Russia in the case of Boris Pasternak, who last year won world-wide notoriety when he was awarded a Nobel prize for his mildly anti-Communist novel, "Doctor Zhivago." Had Pasternak been a Russian he would have been promptly executed as a deviationist. But as a fellow Jew he is sacrosanct. Even though in disgrace, Pasternak still occupies a swank villa (Zelma) on the outskirts of Moscow. Incidentally, although Pasternak has lived in luxury under Communism all his life (and still does) he is being hounded by fellow Jews (and by Trotskyite elements) in the U.S. as a suffering martyr... Shown above (in front) is Pasternak as he appeared in 1955 with his co-writer, the notorious Pravda editor, Ilya Ehrenburg, who also suffers in his own private decade...

captive behind barbed wire, a dissatisfied fragment of Jewry behind the Iron Curtain is permitted to depart for Israel—because it "cannot be assimilated."
